* The Union Minister for Finance and Corporate Affairs Smt. Nirmala Sitharaman argued that the Government aims to set up more Common Facility Centres (CFCs) under the 'Scheme of Fund for Upgradation and Regeneration of Traditional Industries' (SFURTI). Finance Minister argued that this will facilitate cluster based development to make the traditional industries more productive, profitable and capable for generating sustained employment opportunities. The focused sectors are Bamboo, Honey and Khadi clusters. SFURTI envisions setting up of 100 new clusters during 2019-20 to enable 50,000 artisans to join the economic value chain.

47. Consider the following statements:

1) India is 6th largest economy in the world

2) The Current Account Deficit as percentage of GDP is slightly more than 5%

3) India received more than USD 60 billion worth FDI in FY 2018-19

Choose the correct option:

- A. 1 and 2 only
- B. 2 and 3 only
- C. 1 and 3 only
- D. 1, 2 and 3

Answer: C

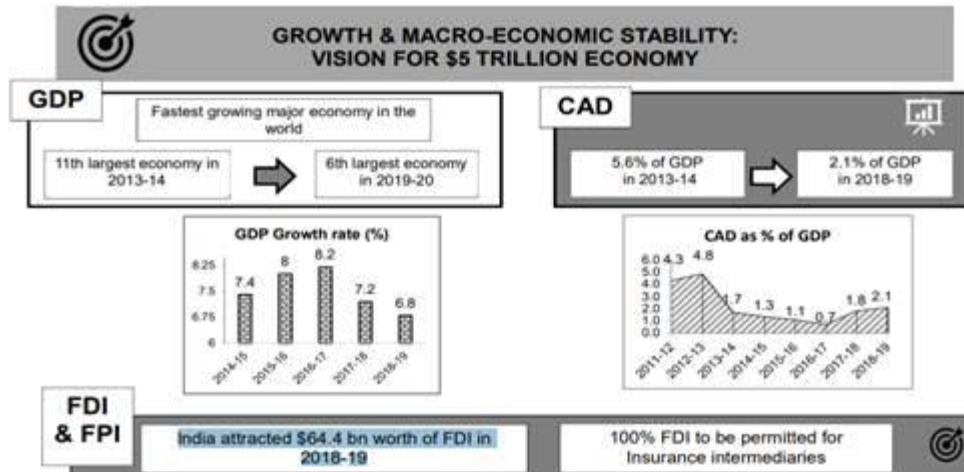

Solution:

* India was 11th largest economy in 2013-14. However, it is 6th largest economy in 2019-20.

* The Current Account Deficit as percentage of GDP is 2.1%.

* India attracted \$64.4 bn worth of FDI in 2018-19.

48. Which of the following statements are correct:

- 1) Government has fixed the fiscal deficit target for FY 2019-20 at 3.4%
- 2) In last 5 years, fiscal deficit is continuously declining

Choose the correct option:

- A. 1 only
- B. 2 only
- C. 1 and 2
- D. Neither of the two

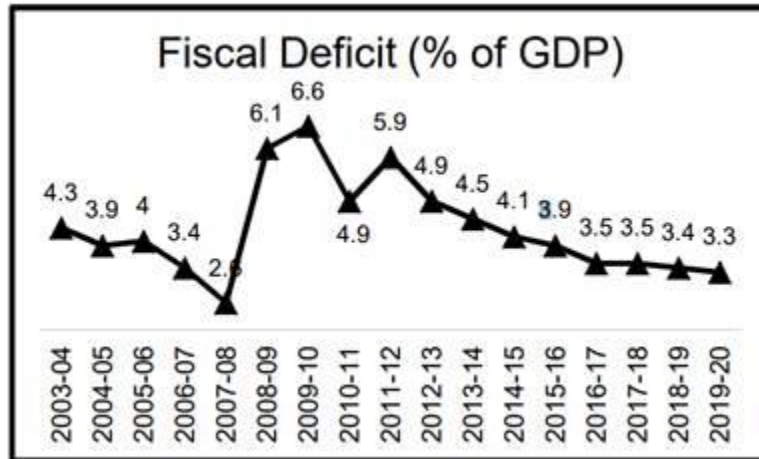

Answer : B

Solution :

* Finance minister has reduced the fiscal deficit target to 3.3 per cent from an earlier 3.4 per cent for 2019-20 in a move that signals government's commitment to fiscal consolidation.

* Since 2011-12, fiscal deficit is continuously declining.

49. With regard to disinvestment, consider the following statements:

- 1) Budget 2019-20 aims for a disinvestment of Rs. 90,000 crore in 2019-20
- 2) Disinvestment helps to reduce fiscal deficit

Choose the correct option:

- A. 1 only
- B. 2 only
- C. 1 and 2
- D. Neither of the two

Answer: B

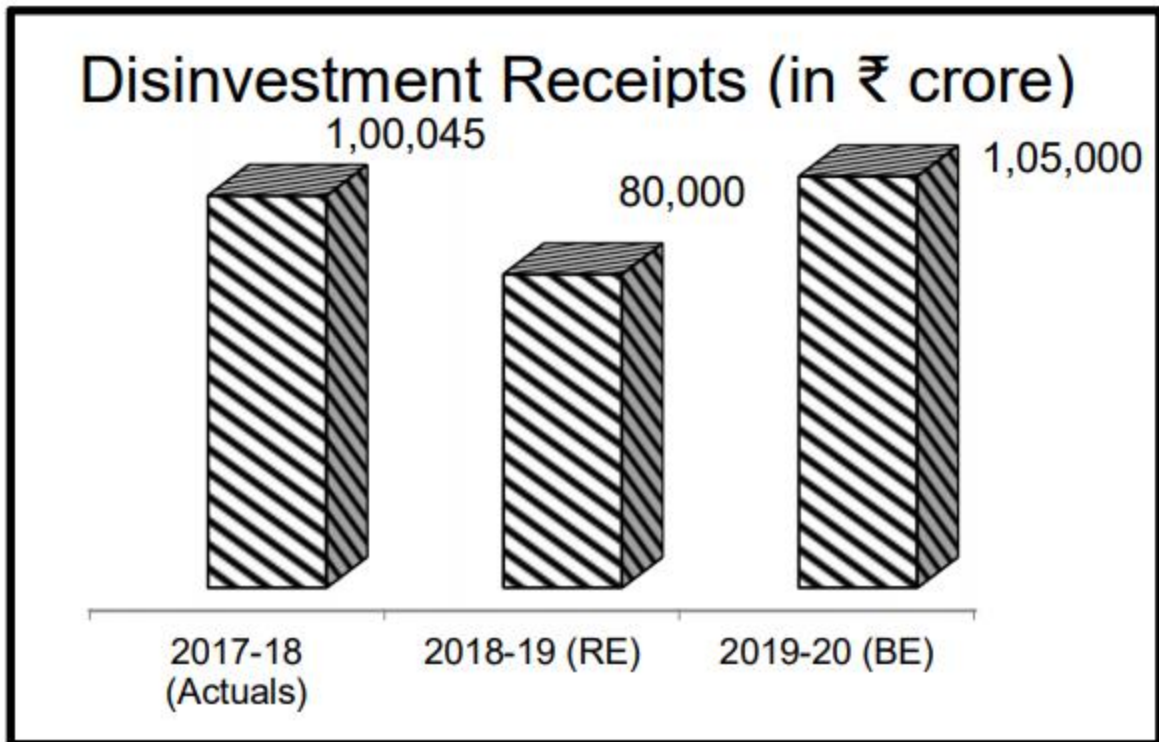

Solution:

* Finance minister in her maiden budget has increased the divestment target from ₹90,000 crore to ₹1.05 trillion for the current fiscal year, focusing on consolidation of public sector undertakings and strategic disinvestment.

* Disinvestment is a source of non-tax revenue which reduces fiscal deficit.

Free Test for CDS II 2019 Exam [ATTEMPT NOW](#)

50. Naari tu Narayani:

- A. is a new scheme which aims to reduce maternal mortality rate
- B. is a new scheme which aims to increase literacy among women
- C. is a new department which aims to look after needs of vulnerable women
- D. is a committee which aims to ensure optimal allocations of resources for the welfare of women

Answer : D

Solution :

Naari tu Narayani is a committee which has been formed in order to ensure optimal allocations of resources for the welfare of women

51. Which of the following proposals have been brought in Budget 2019-20 for the empowerment of women:

- 1) One woman per SHG to be eligible for a loan up to Rs. 1 lakh under MUDRA Scheme.

Free Test for CDS II 2019 Exam [ATTEMPT NOW](#)

2) Overdraft of Rs. 5,000 to be allowed for every verified women SHG member having a Jan Dhan Bank Account.

3) Women SHG interest subvention program has been proposed for certain selected districts

Choose the correct option:

- A. 1 and 2 only
- B. 2 and 3 only
- C. 1 and 3 only
- D. 1, 2 and 3

Answer : A

Solution :

Women SHG interest subvention program has been proposed to be expanded to all districts.

52. With regard to announcements for higher education in Budget 2019-20, consider the following statements:

1) 'Study in India' program has been launched to attract foreign students to study in Indian higher educational institutions

2) Percentage wise budget has provided more allocation for higher education vis a vis school education as compared to last year

3) Ethiopia has registered maximum number of students in India

Choose the correct option:

- A. 1 and 2 only
- B. 2 and 3 only
- C. 1 and 3 only
- D. 1, 2 and 3

Answer : D

Solution :

Budget has proposed to start a programme, 'Study in India', that will focus on bringing foreign students to study in our higher educational institutions. The aim of the programme is to make available high quality premier education in India at affordable costs for international students.

The countries that have registered maximum number of students are Ethiopia (12,047), Nigeria (11,108), Afghanistan (7,905), Nepal (7,806), Bangladesh (5,902), Kenya (3,626), Tanzania (3,531), Rwanda (2,542) Ghana (2,344) and Uganda (2,018). In all, there are registrations from over 190 countries.

While the government has proposed a 12.8% year-on-year (y-o-y) increase in the FY20 allocation for school education to Rs. 56,536.63 crore in Budget 2019, the same has risen 14.3% to Rs. 38,317.01 crore on the higher education front. This is a substantial increase from last year, when the allocation for school education was upped by 6.2%, and that for higher education was increased by 0.4%.

53. With respect to Revenue and Expenditure in Budget 2019-20, consider the following statements:

- 1) The source of maximum Revenue is Borrowings**
- 2) The source of maximum Expenditure is States' Share of Taxes & Duties**

Choose the correct option:

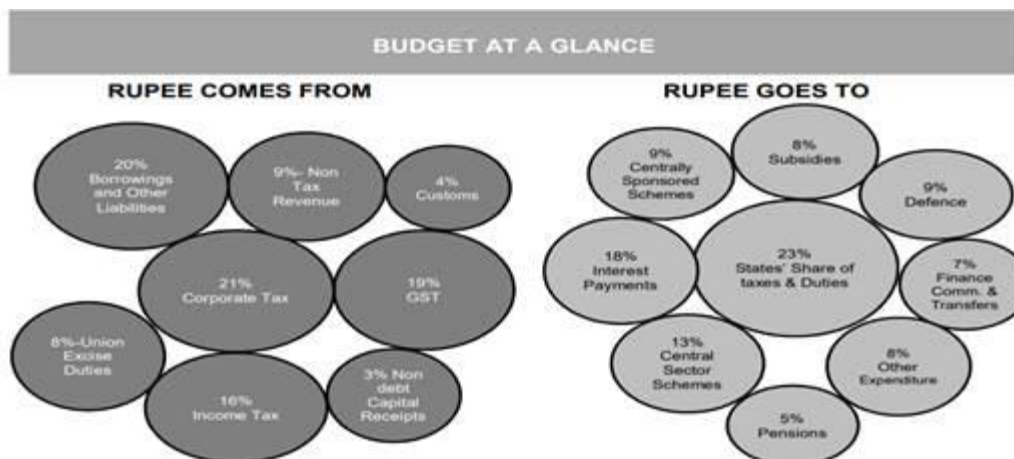

- A. 1 only
- B. 2 only
- C. 1 and 2
- D. Neither of the two

Answer : B

Solution :

The source of maximum Revenue is Corporate Tax. Sources of Revenue and Expenditure are given below in pie chart:

54. Which of the following statements are correct:

- 1) In 2018-19, India's merchandise exports were more than USD 400 billion
- 2) In 2018-19, India's merchandise imports were more than USD 500 billion
- 3) Trade deficit has reduced during 2018-19 as compared to previous year

Choose the correct option:

- A. 2 only
- B. 1 and 2 only
- C. 1 only
- D. 1, 2 and 3

Answer : A

Solution :

* The value of India's merchandise exports increased by 8.6 percent to US\$ 329.5 billion in 2018-19 from US\$ 303.5 billion in the previous year. However, imports increased by 10.2 percent in 2018- 19 to US\$ 513.1 billion from US\$ 465.6 billion in the previous year.

* Trade deficit has increased to US\$ 183.5 billion during 2018-19, from US\$ 162.1 billion in the previous year.

55. Consider the following statements regarding Milk production in India:

- 1) Milk production in India is over 150 million tonnes
- 2) India accounts for 20 per cent of world milk production
- 3) India ranks second in milk production

Choose the correct option:

- A. 1 only
- B. 2 and 3 only
- C. 1 and 2 only
- D. 1, 2 and 3

Answer : C

Solution :

* India ranks first in milk production, accounting for 20 per cent of world production.

* Milk production in India has been increasing steadily over the years and has increased from 55.6 million tonnes in 1991-92 to 176.3 million tonnes in 2017-18, at an average annual growth rate of 4.5 percent.

56. Consider the following statements regarding Fish production in India:

- 1) India is the third largest fish producer in the world
- 2) Majority of fish production in India comes from marine sources
- 3) Fish and fish product exports are the largest group in agricultural exports

Choose the correct option:

- A. 1 and 2 only
- B. 2 and 3 only
- C. 1 and 3 only
- D. 1, 2 and 3

Answer : C

Solution:

* India is the third largest fish producer in the world with a total production of 12.6 million metric tonnes in 2017-18 of which 65 per cent was from inland sector (not marine sources).

* The sector has been registering a steady growth in the total gross value added and accounts for 5.23 per cent share of agricultural GDP.

* Fish and fish product exports emerged as the largest group in agricultural exports and in value terms accounted for Rs. 45107 crore in 2017-18.

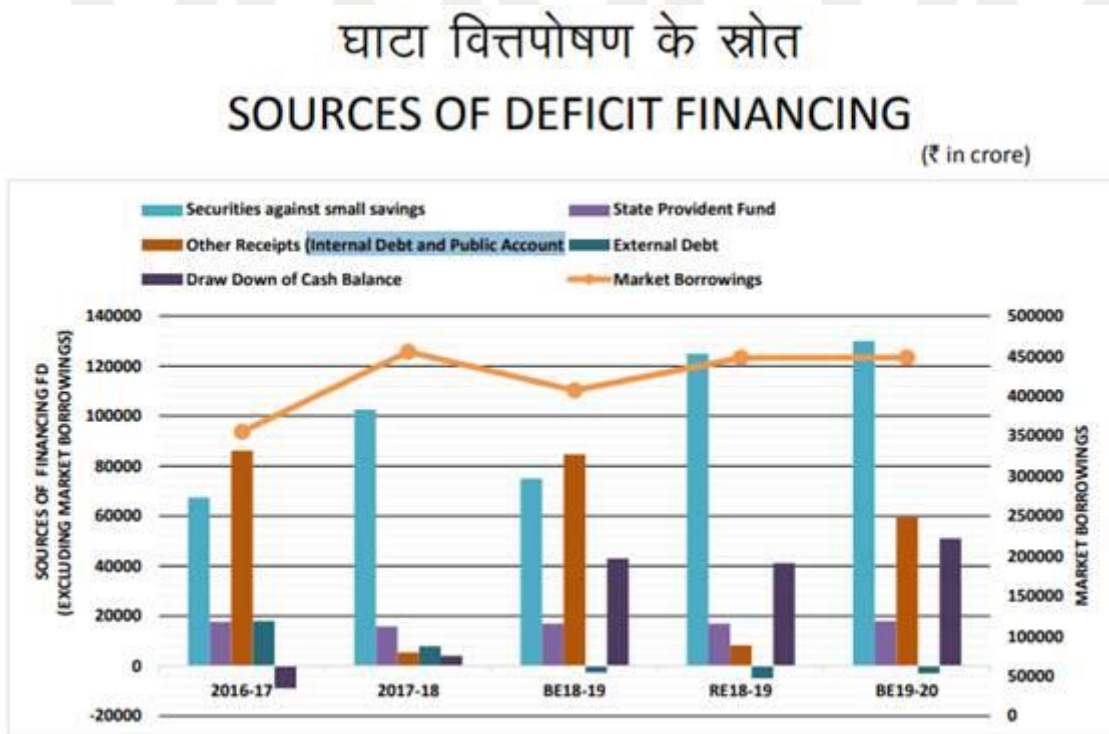

57. In budget 2019-20, which of the following sources has been proposed to be the largest source for Deficit Financing:

- A. Market Borrowings
- B. Securities against small savings
- C. External Debt
- D. Internal Debt and Public Account

Answer: B

Solution:

Securities against small savings is the largest source for Deficit Financing. The contribution of various sources is given below:

Free Test for CDS II 2019 Exam [ATTEMPT NOW](#)

58. The eight-core infrastructure supportive industries, viz. coal, crude oil, natural gas, refinery products, fertilizers, steel, cement and electricity that have a total weight of nearly 40 percent in the Index of Industrial Production (IIP) grew by 4.3 percent in 2018-19. Which of the following core infrastructure industries registered maximum growth rate in 2018-19:

- A. Fertilizers
- B. Steel
- C. Cement
- D. Electricity

Answer: C

Solution:

The production of coal, natural gas, refinery products, fertilizers, steel, cement and electricity increased by 7.4 percent, 0.8 percent, 3.1 percent, 0.3 percent, 4.7 percent, 13.3 percent and 5.2 percent respectively during 2018-19 while the production of crude oil fell during the same period.

59. Which of the following is not placed under Non-Tax Receipts (NTR) revenue in Budget 2019-20:

- A. Health and Education Cess
- B. Dividends from RBI
- C. Interest receipts on loans
- D. Telecom receipts

Answer: A

Solution:

* NTR comprises dividends from RBI, banks, financial institutions and other public sector enterprises. Another major component of NTR is interest receipts on loans. Other NTR receipts include telecom receipts, receipts from offshore oilfields, user charges and fees levied by various Ministries/ Departments for services provided by them.

* Health and Education Cess is a Tax Receipt revenue.

60. Which of the following statements are correct:

1) In Budget 2019-20, Non-Tax Revenue has been estimated to be more than Tax Revenue

2) In Budget 2019-20, Indirect taxes are estimated to be more than direct taxes

Choose the correct option:

- A. 1 only
- B. 2 only
- C. 1 and 2
- D. Neither of the two

Answer: D

Solution:

* In 2019-20, Gross Tax Revenue has been budgeted at Rs. 24,61,195 crores while the Non Tax Revenue is estimated at Rs. 3,13,179 crores.

* Direct tax is budgeted at Rs. 13,35,000 crores while Indirect tax is budgeted at Rs. 11,22,015 crores in BE 2019-20

61. The expenditure of government may be divided into Revenue and Capital expenditure. In this regard, consider the following statements:

- 1) Revenue expenditure comprises of more than 80% of total expenditure
- 2) Revenue transfers made to the State/UT Governments in the form of Finance Commission grants, is placed under capital expenditure

Choose the correct option:

- A. 1 only
- B. 2 only
- C. 1 and 2
- D. Neither of the two

Answer: A

Solution:

* BE figure for revenue expenditure in 2019-20 is Rs. 24,47,780 crores. Revenue expenditure is estimated at 87.8 per cent of the total expenditure in 2019-20. Capital expenditure of the Government is budgeted at Rs. 3,38,569 crores in BE 2019-20.

* The major components of the revenue expenditure of the Government include Interest payments, Subsidies, Salaries, Pensions, Defence revenue expenditures, expenditure on Central Police Organizations and the revenue transfers made to the State/UT Governments in the form of Finance Commission grants, Centrally Sponsored Schemes and Other Transfers.

62. With regard to Primary Deficit, consider the following statements:

- 1) Primary deficit is the difference between fiscal deficit and interest payments.**
- 2) Government has an objective of reducing primary deficit to 0% of GDP in 2019-20**

Choose the correct option:

- A. 1 only
- B. 2 only
- C. 1 and 2
- D. Neither of the two

Answer: A

Solution:

* Primary deficit is the difference between the fiscal deficit of the current year and the interest paid by the government on loans obtained in the past. A shrinking primary deficit indicates progress towards fiscal health.

* Primary Deficit has been projected to be 0.2% of GDP in BE 2019-20. Government has an objective of reducing primary deficit to 0% of GDP by 2020-21

63. Budget 2019 has introduced a new scheme namely Pradhan Mantri Laghu Vyapari Maan Dhan Yojana. Consider the following statements in this regard:

- 1) It is a voluntary and contribution based central sector scheme for the entry age group of 18-60 years**
- 2) The scheme will provide monthly minimum assured pension of Rs 3,000 to shopkeepers, retail traders and self-employed persons whose annual turnover is below Rs 1.5 crore**

Choose the correct option:

- A. 1 only
- B. 2 only
- C. 1 and 2
- D. Neither of the two

Answer: B

Solution:

Pradhan Mantri Laghu Vyapari Maan Dhan Yojana is a voluntary and contribution based central sector scheme, for the entry age group of 18-40 years. The contribution under the scheme is payable by the subscriber and the Central Government, in equal share, i.e. 50:50 basis.

64. Consider the following statements:

- 1) Economic Survey 2018-19 has projected the real GDP growth for the year 2019-20 at 7%**
- 2) IMF's World Economic Outlook (WEO) has projected less than 7% growth of Indian GDP for the year 2019-20**
- 3) GDP growth of India is on rise since 2015-16**

Choose the correct option:

- A. 1 only
- B. 1 and 2 only
- C. 3 only
- D. 2 and 3 only

Answer: A

Solution:

* The Government has projected the real GDP growth for the year 2019-20 at 7% on the back of anticipated pickup in the growth of investment and acceleration in the growth of consumption.

* The April 2019 Report of the World Economic Outlook (WEO) of International Monetary Fund (IMF) has projected India's GDP to grow even higher at 7.3 percent in 2019.

* The GDP growth is not showing any definite pattern for last 5 years.

65. Which of the following statements are correct:

- 1) Demographic dividend is when the share of the working-age population is larger than the non-working-age share of the population
- 2) India's demographic dividend has peaked
- 3) India's labour force participation rate for the age-group 15-59 years is over 60%
- 4) In India, for every 1 working female, there are more than 3 working males

Choose the correct option:

- A. 1 and 2 only
- B. 2 and 3 only
- C. 1 and 4 only
- D. 1, 3 and 4 only

Answer: C

Solution:

* United Nations Population Fund (UNFPA) defines Demographic dividend as the economic growth potential that can result from shifts in a population's age structure, mainly when the share of the working-age population (15 to 64) is larger than the non-working-age share of the population (14 and younger, and 65 and older)

* India's demographic dividend will peak around 2041, when the share of working-age, i.e. 20-59 years, population is expected to hit 59 per cent.

* As per the NSSO Periodic Labour Force Survey 2017-18, India's labour force participation rate for the age-group 15-59 years is around 53 per cent (80 per cent for males, 25 per cent for females).

66. Which of the following statements are correct:

- 1) Real growth of 'Agriculture & allied' sector in FY 2018-19 has increased to 4%**
- 2) The total production of foodgrains during 2018-19 is estimated to be more than 300 million tonnes**

Choose the correct option:

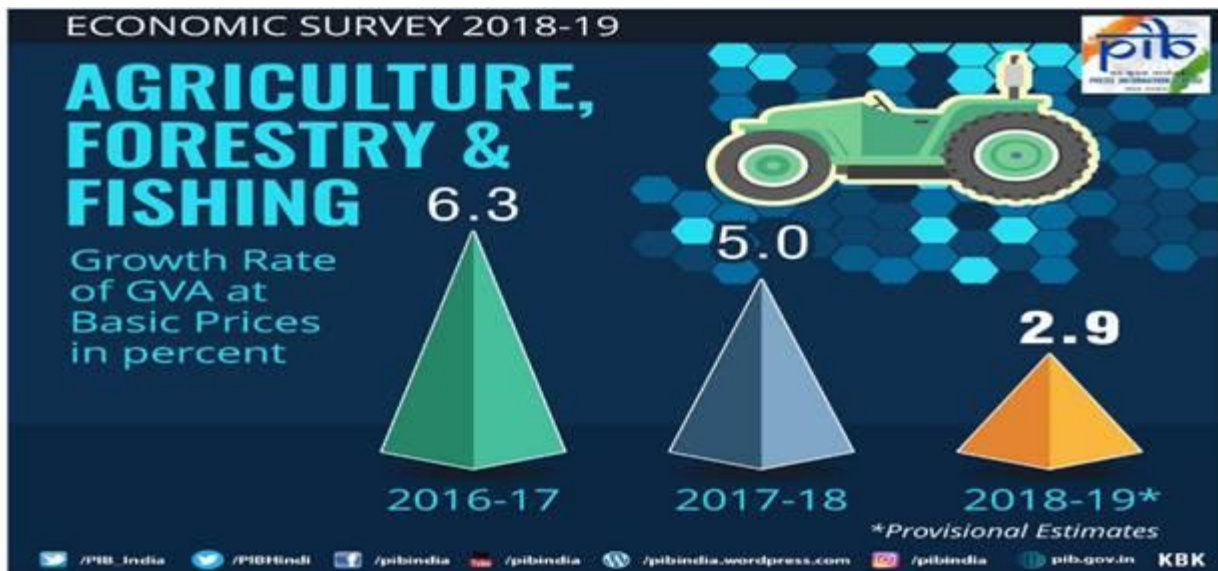

- A. 1 only
- B. 2 only
- C. 1 and 2
- D. Neither of the two

Answer: D

Solution:

* Real growth of 'Agriculture & allied' sector in FY 2018-19 has declined to 2.9% after two years of good agriculture growth.

* The total production of foodgrains during 2018-19 is estimated to be at 283.4 million tones.

Free Test for CDS II 2019 Exam **ATTEMPT NOW**

67. With respect to clean energy, consider the following statements:

- 1) The Sustainable Development Goal (SDG) No.6 is concerned with Clean Energy**
- 2) About 50% population in India does not have access to clean cooking**
- 3) PAHAL Scheme aims to safeguard the health of women and children by providing them with clean cooking fuel.**

Choose the correct option:

- A. 1 and 2 only
- B. 2 only
- C. 2 and 3 only
- D. 1, 2 and 3

Answer: B

Solution:

* The Sustainable Development Goal (SDG) No.7 is concerned with Affordable and Clean Energy

* In 2017, 53 per cent of the population in India did not have access to clean cooking

* Pradhan Mantri Ujjwala Yojna was launched in 2016, with the aim to safeguard the health of women and children by providing them with clean cooking fuel. PAHAL is a Direct Benefit Transfer for LPG consumer which aims to rationalize subsidies based on approach to cut subsidy leakages.

68. Consider the following statements:

- 1) Government of India has an objective of making Indian economy a USD 5 trillion economy by 2024-25**
- 2) India needs to sustain at least a real GDP growth rate of 10% to achieve the above objective**

Choose the correct option:

- A. 1 only
- B. 2 only
- C. 1 and 2
- D. Neither of the two

Answer: A

Solution:

- * To achieve the objective of becoming a US\$5 trillion economy by 2024-25, India needs to sustain a real GDP growth rate of 8%.
- * International experience, especially from high-growth East Asian economies, suggests that such growth can only be sustained by a “virtuous cycle” of savings, investment and exports catalysed and supported by a favourable demographic phase.
- * Investment, especially private investment, is the “key driver” that drives demand, creates capacity, increases labour productivity, introduces new technology, allows creative destruction and generates jobs.

69. Economic Survey has termed certain firms as ‘Dwarf Firms’. Consider the following statements regarding Dwarf Firms:

- 1) Dwarf Firms employ less than 100 workers**
- 2) They are generally more than 10 years old**
- 3) Their productivity is low**
- 4) Contribution of dwarf firms in employment is significantly high**

Choose the correct option:

- A. 1, 2 and 3 only
- B. 2, 3 and 4 only
- C. 1, 3 and 4 only
- D. 1, 2, 3 and 4

Answer: A

Solution:

- * Dwarf firms employ less than 100 workers despite being more than 10 years old. They account for more than 50% of all organized firms in manufacturing by number.
- * Contribution of dwarfs to employment is only 14% and to productivity is a mere 8%.

* On the other hand, large firms employ more than 100 employees and account for 75% employment and close to 90% of productivity despite accounting for about 15% by number.

70. Which of the following statements are correct:

- 1) Employment elasticity measures the variation in employment with variation in economic output**
- 2) Making investment in sectors which have low employment elasticity, can create more jobs**
- 3) Rubber and plastic industry, electronics and transport equipment industry are one of the highest employment elasticity sectors**

Choose the correct option:

- A. 1 and 2 only
- B. 2 and 3 only
- C. 1 and 3 only
- D. 1, 2 and 3

Answer: C

Solution:

* Employment elasticity is a measure of the percentage change in employment associated with a 1% change in economic growth. High employment elasticity means economic growth is leading to a greater number of job creation. Hence second statement is wrong.

* The rubber and plastic products, electronic products and transport equipment are one of the highest employment elasticity sectors.

71. NREGAsoft:

- 1) is a comprehensive e-governance system for the MGNREGA scheme**
- 2) makes available documents like muster rolls, job card/employment register/muster roll issue register etc to public**
- 3) can be used even by an illiterate man**

Choose the correct option:

- A. 1 and 2 only
- B. 2 and 3 only
- C. 1 and 3 only
- D. 1, 2 and 3

Answer: D

Solution:

* NREGAsoft is a comprehensive e-governance system for the MGNREGA scheme. Accessible by a range of stakeholders, it captures the complete flow of all MGNREGA work at every level – from the centre all the way to the panchayat. In the spirit of citizens’ right to information, the system makes available documents like muster rolls, registration application register, job card/employment register/muster roll issue register and muster roll receipt register, which are otherwise inaccessible to the public.

* The system has no language barriers to usage; it is accessible in a number of local languages. In fact, even the illiterate can use the interface as it leverages sounds and icons in a touch-screen kiosk model. It is designed to be used by a range of stakeholders, from workers who are beneficiaries of the scheme to gram panchayats to district programme coordinators to banks and post offices. Even citizens who are not beneficiaries of the scheme may view information on the portal.

72. Consider the following statements:

- 1) The Indian judicial system has over 3.53 crore pending cases**
- 2) Around 87.5 per cent of pending cases are in the District and Subordinate courts**
- 3) Among states and union territories, Delhi has the least number of pending cases**

Choose the correct option:

- A. 1 only
- B. 1 and 2 only
- C. 3 only
- D. 1, 2 and 3

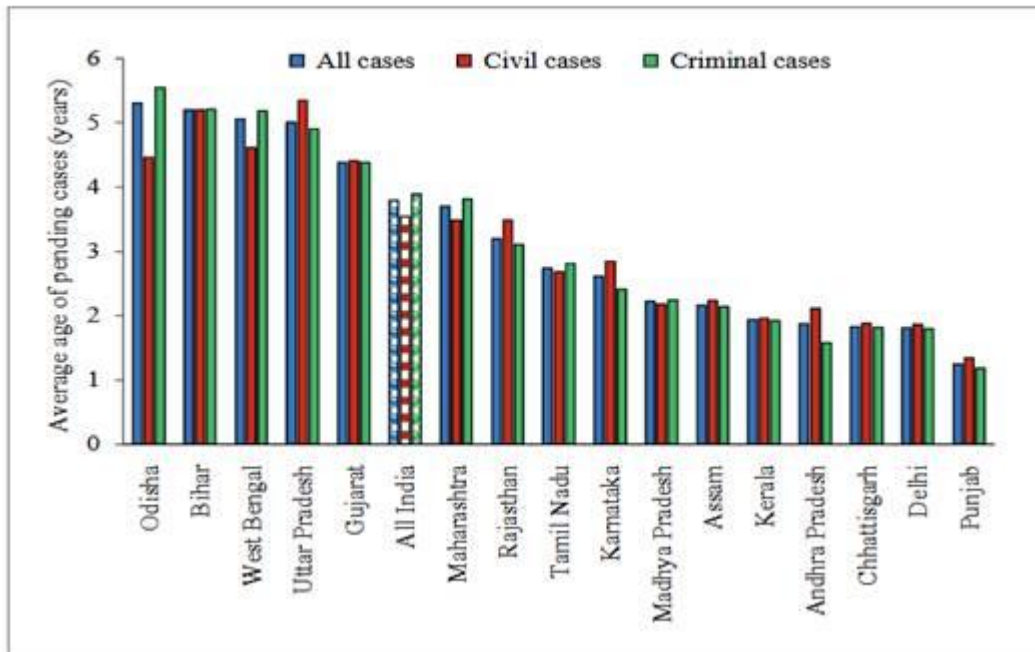

Answer : B

Solution :

- * Among states and union territories, Punjab has the least number of pending cases
- * 100 per cent clearance rate can be achieved by filling out merely 2279 vacancies in the lower courts and 93 in High Courts.
- * States of Uttar Pradesh, Bihar, Odisha and West Bengal need special attention.

Figure 3: State-wise Average Pendency in D&S courts

73. With regard to Economic Policy Uncertainty (EPU) index, consider the following statements:

- 1) The index is published by World Bank
- 2) The index is created by quantifying newspaper coverage of policy-related economic uncertainty
- 3) According to index, Economic Policy Uncertainty was highest in 2011-12
- 4) The index is strongly correlated to inflation rate and repo rate

Choose the correct option:

- A. 1, 2 and 3 only
- B. 3 and 4 only
- C. 2, 3 and 4 only

Free Test for CDS II 2019 Exam [ATTEMPT NOW](#)

D. 1, 2, 3 and 4

Answer : C

Solution :

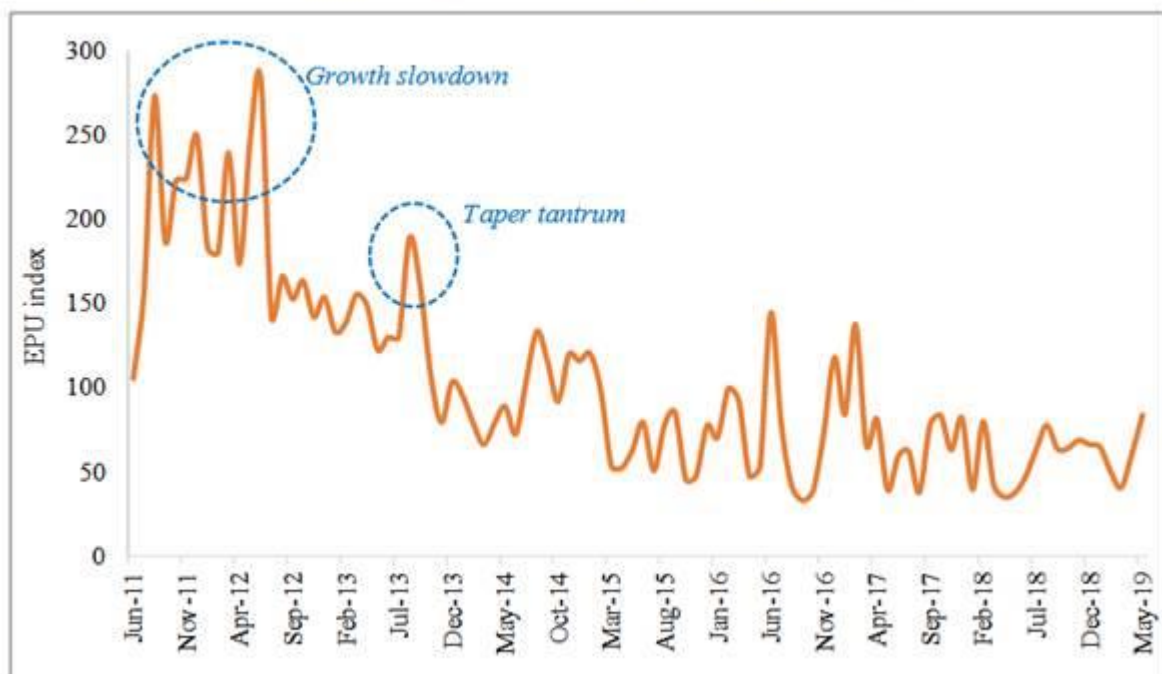

* Economic Policy Uncertainty (EPU) index was developed by Baker. Scott Ross Baker is an Associate Professor of Finance at Kellogg School of Management at Northwestern University.

* In order to measure economic policy uncertainty, the index of the policy-related economic uncertainty is determined by quantifying the amount of newspapers. The index shows the frequency of articles in major newspapers, including the following triple: 'economic' or 'economy'; 'Search' or 'uncertainty'; And one or more policy-related terms 'fiscal policy', 'topical policy', 'PMO', 'sensitivity'

* Economic Policy Uncertainty when measured using EPU index was the highest in 2011-12 coinciding with the years of policy paralysis. Economic policy uncertainty has reduced significantly over the last decade in India.

* Apart from this, EPU index is very strongly correlated to volatility in exchange rate, stock market & inflation and various other macroeconomic variables. It is strongly correlated to inflation rate and repo rate as well.

Figure 1: Economic Policy Uncertainty in India

Source: <http://www.policyuncertainty.com/>

74. Which of the following factors affect investment positively:

- 1) Increase in repo rate
- 2) High consumption demand
- 3) Volatility of exchange rate

Choose the correct option:

- A. 1 only
- B. 2 only
- C. 2 and 3 only
- D. 1 and 2 only

Answer : B

Solution :

Factors affecting investment:

* First important factor that affects investment is cost of borrowing. Higher repo rate makes cost of borrowing higher which affects investment negatively.

* Second important factor for investment is the prices that producers get for their products. Rise in prices are expected to trigger greater investments as businesses find it profitable to do so as long as consumption demand is sufficiently strong to overcome the impact of inflation.

* The foreign component of fixed investment, FDI and FII flows are expected to be negatively related to the volatility of exchange rate, measured by its coefficient of variation. This is because the returns that the foreign investors actually realize are in foreign currency terms, which depend on the exchange rate. If the volatility of the exchange rate is higher, it may decrease the growth of foreign inflows.

75. With regard to Indian demography, consider the following statements:

- 1) The annual population growth rate in India is on constant decline since 1971-81
- 2) The national Total Fertility Rate (TFR) is expected to go below replacement level by 2021

3) Uttar Pradesh has the highest annual population growth rate in India

Choose the correct option:

- A. 1 and 2 only
- B. 2 and 3 only
- C. 1 and 3 only
- D. 1, 2 and 3

Answer : A

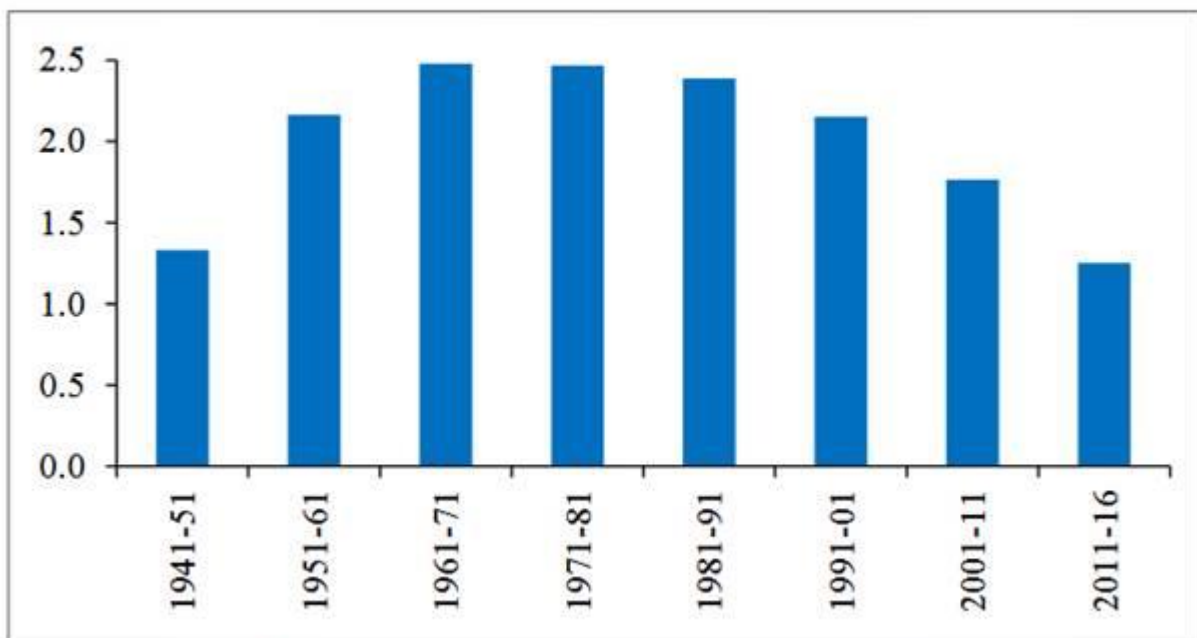

Solution :

* Population growth in India has been slowing in recent decades from an annual growth rate of 2.5 per cent during 1971-81 to an estimated 1.3 per cent as of 2011-16.

* TFR is the average number of children born per woman at which a population exactly replaces itself from one generation to the next, without migration. This rate is roughly 2.1 children per woman. Indian TFR is expected to be below replacement level by 2021

* Bihar has the highest annual population growth rate in India.

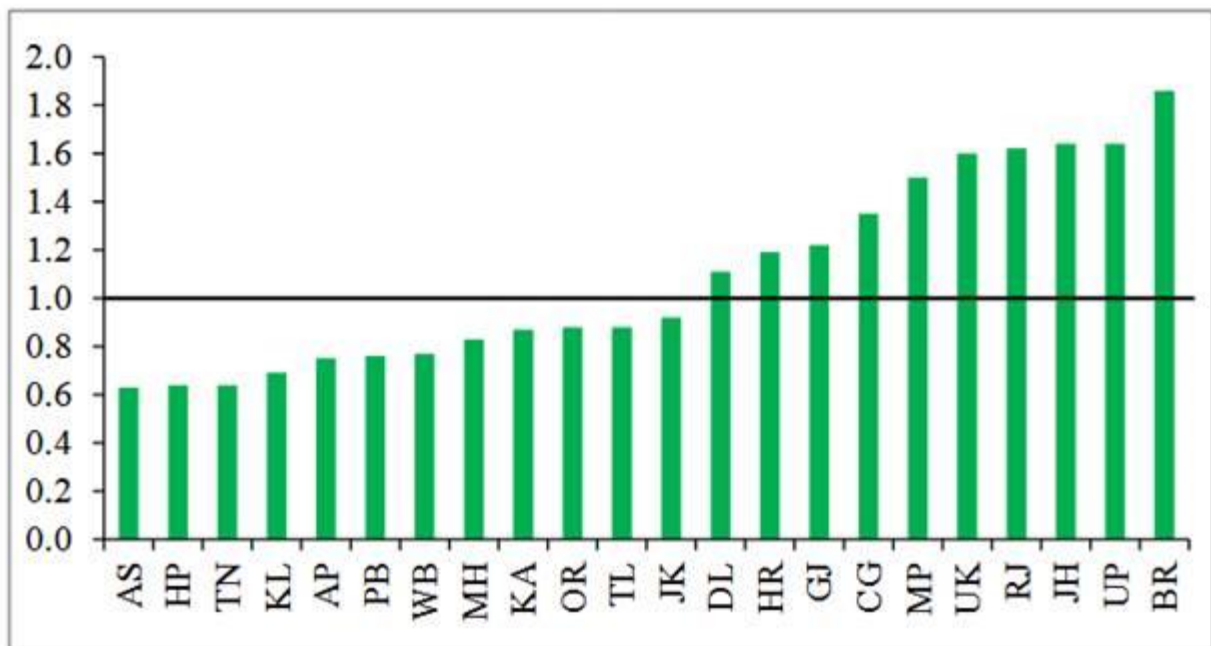

Figure 1: Annual Population Growth Rate in India (per cent)

Source: Census 2011, International Institute for Population Sciences (IIPS) estimates.

Figure 2: Annual Population Growth Rate by State during 2011-16 (per cent)

76. Which of the following states have their fertility rate well below the replacement rate:

- 1) Himachal Pradesh
- 2) Punjab
- 3) West Bengal
- 4) Maharashtra

Choose the correct option:

- A. 1 and 2 only
- B. 2, 3 and 4 only
- C. 1, 3 and 4 only
- D. 1, 2, 3 and 4

Answer : D

Solution :

It is a perception that only south Indian states have fertility rate below the replacement rate. However, now, above mentioned states too have their fertility rate well below the replacement rate (TFR of 2.1).

77. India's foreign exchange reserves:

- 1) Are over USD 400 billions
- 2) Are rising continuously since 2015

Choose the correct option:

- A. 1 only
- B. 2 only
- C. 1 and 2
- D. Neither of the two

Answer : A

Solution :

India's foreign exchange reserves are USD 422 as on 14th June, 2019. Foreign exchange reserves have declined in 2018-19 as compared to 2017-18.

Free Test for CDS II 2019 Exam [ATTEMPT NOW](#)

78. Consider the following statements:

- 1) Over 90% of the rural households in India have access to toilets**
- 2) Hardly 60% of those with access to toilets are using them in rural India**
- 3) Usage of toilets comes with economic benefits**

Choose the correct option:

- A. 1 and 2 only
- B. 2 and 3 only
- C. 1 and 3 only
- D. 1, 2 and 3

Answer : C

Solution :

* Swachh Bharat Mission (SBM) was initiated in 2014 to achieve universal sanitation coverage by 2 October 2019. In 2014, around 100 million rural and about 10 million urban households in India were without a sanitary toilet.

* In 2014, over 564 million, i.e. close to half the population, practiced open defecation. Since October 2014, over 9.5 crore toilets have been built all over the country and 564,658 villages have been declared Open Defecation Free (ODF). Now, 93.1% of the households have access to toilets and 96.5% of those with access to toilets are using them in rural India.

* A recent study conducted by UNICEF on behalf of MoDWS assessed the economic impacts (benefits) of SBM. The study focused on the household and community financial and economic benefits as well as costs of improved sanitation and hygiene. The study found that on an average, every household in an open defecation free village saved about 50,000 per year on account of financial savings due to lower likelihood of disease from using a toilet and practicing hand washing and the value of time saved due to a closer toilet.

79. Which of the following statements are correct:

- 1) Increase in per capita energy consumption leads to increase in human development**
- 2) India's per capita energy consumption is one third of the global per capita average**

Choose the correct option:

- A. 1 only
- B. 2 only
- C. 1 and 2
- D. Neither of the two

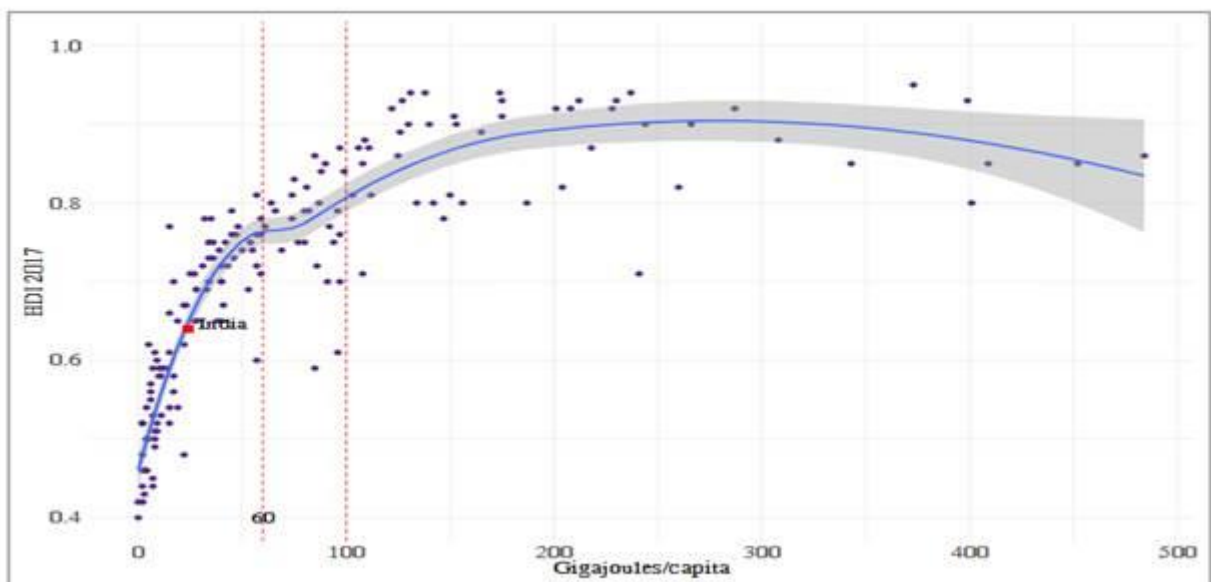

Answer : C

Solution :

* There is a strong relationship between Human Development Index (HDI) and Per capita energy consumption. At low levels of energy consumption, increases in per capita energy consumption leads to considerable increases in human development.

* India's per capita energy consumption equals 0.6 tonnes of oil equivalent (toe) as compared to the global per capita average of 1.8 toe.

80. Choose the correct order of growth (low to high) of Agriculture, Industry and Services sectors of Indian economy in FY 2018-19:

- A. Agriculture, Services, Industry
- B. Agriculture, Industry, Services
- C. Industry, Agriculture, Services

D. Services, Agriculture, Industry

Answer : B

Solution :

Agriculture, Industry and Services sectors have grown @ 2.9%, 6.9% and 7.5% respectively.

81. Consider the following statements:

- 1) The Minimum Wages Act, 1948 protects regular workers only and not casual workers
- 2) India was one of the first developing countries to introduce minimum wages
- 3) Bhoothalingam Committee had given recommendations on determination of minimum wages

Choose the correct option:

- A. 1 and 2 only
- B. 2 and 3 only
- C. 1 and 3 only
- D. 1, 2 and 3

Answer : B

Solution :

* India was one of the first developing countries to introduce minimum wages with the enactment of the Minimum Wages Act way back in 1948. The Minimum Wages Act, 1948 protects both regular and casual workers.

* Bhoothalingam Committee(1978) had argued for adoption of National Floor Level Minimum Wage to ensure a uniform wage for all workers and enhance protection of the most vulnerable workers and eliminate arbitrariness in the determination of level of minimum wages for different States and occupations. Recommendations were mainly for the organized sector.

82. With regard to energy sector in India, consider the following statements:

1) About 60% of electricity is generated from thermal power

2) Globally India stands at 5th position in wind power

3) Globally India stands at 4th position in solar power

Choose the correct option:

- A. 1 only
- B. 1 and 2 only
- C. 2 and 3 only
- D. 1, 2 and 3

Answer : A

Solution :

* India has set ambitious targets for renewable energy and has been undertaking one of the world's largest renewable energy expansion programmes in the world. Now, globally India stands 4th in wind power, 5th in solar power and 5th in renewable power installed capacity.

* Share of renewable (excluding hydro above 25 MW) in total electricity generation increased from 6% in 2014-15 to 10% in 2018-19. Thermal power still plays a dominant role at 60% share.

83. NITI Aayog has developed a composite index for each State/UT which aggregates progress towards attainment of Sustainable Development Goals (SDGs). The best performing states with highest score are (from high to low):

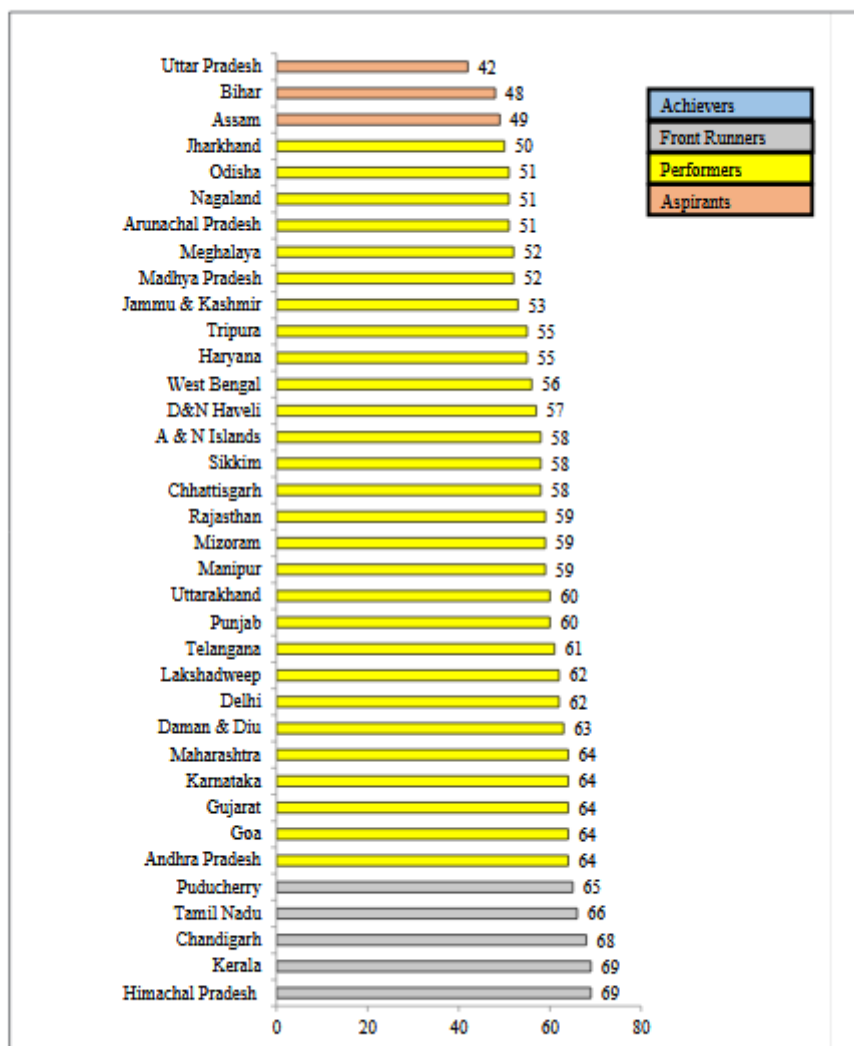

- A. Himachal Pradesh, Tamil Nadu, Kerala
- B. Kerala, Tamil Nadu, Himachal Pradesh
- C. Himachal Pradesh, Kerala, Tamil Nadu
- D. Tamil Nadu, Kerala, Himachal Pradesh

Answer : C

Solution :

The scores of various states and UTs are given in chart:

Figure 1: Performance of States and UTs on SDG Composite India Index

Source: NITI Aayog's SDG India Index Baseline Report, 2018

Free Test for CDS II 2019 Exam [ATTEMPT NOW](#)

84. Indian Space Research Organisation (ISRO) has recently launched a satellite named 'EMISAT' using PSLV-C45. The primary objective of EMISAT is:

- A. to boost India's space surveillance capacity.**
- B. to help forecasting about monsoon, cyclone and associated weather phenomenon**
- C. to provide better communication facilities**
- D. to map forests and biodiversity in country**

Answer : A

Solution : • EMISAT has been developed under DRDO's Project Kautilya which aims to boost India's space surveillance capacity. The project is named after the ancient Indian economist who emphasised the importance of spying for a king to protect his kingdom.
• EMISAT is modelled after an Israeli spy satellite called SARAL (Satellite with ARgos and ALtika). The main capability of EMISAT is in signal intelligence — intercepting signals broadcast by communication systems, radars, and other electronic systems on the ground from hundred of kilometers away in space.

85. The term 'Ways and Means Advances' was recently seen in news. Ways and Means Advances refers to:

- A. the loan taken by RBI from World Bank**
- B. temporary loan facilities given by RBI to the centre and state governments**
- C. external commercial borrowings taken by Indian corporate houses**
- D. funds borrowed by commercial banks from RBI**
- E. Other than the given options**

Answer: B

Solution:

- Ways and Means Advances refers to the temporary loan facilities given by RBI to the centre and state governments. The interest rate for WMA is currently charged at the repo rate.
- The Reserve Bank of India, in consultation with the Government of India, has decided that the limits for Ways and Means Advances (WMA. for the first half of the financial year 2019-20 (April 2019 to September 2019) will be Rs 75000 crore.

86. 'Candida auris' is an emerging serious global health threat. 'Candida auris' is a:

- A. Virus
- B. Bacteria
- C. Fungus
- D. Invasive plant species

Answer : C

Solution : • Candida auris is a species of fungus which grows as yeast.
• The killer germ, a fungus called Candida auris, has showed up in countries as far apart as Australia and Canada, Venezuela and Japan, over the past few years.
• It has set alarm bells ringing because it is often resistant to multiple anti-fungal drugs.

87. Consider the following statements regarding World Press Freedom Index:

- 1) The index is published by an organization named Reporters Without Borders
- 2) India has been ranked at 140th position
- 3) The index has been topped by Sweden
- 4) Reporters Without Borders is a specialized agency of United Nations

Choose the correct option:

- A. 1 and 2 only
- B. 2 and 3 only
- C. 3 and 4 only
- D. 1 and 4 only

Answer: A

Solution:

- India has dropped two places on a world press freedom index to be ranked 140th out of 180 countries in the annual Reporters Without Borders analysis released recently.
- The World Press Freedom Index 2019 has been topped by Norway.
- Reporters Without Borders, is a Paris based, non-profit organisation that works to document and combat attacks on journalists around the world.

88. The Asian Tea Alliance (ATA) is a recently launched union of five tea-growing and consuming countries. Which of the following countries is not a member of ATA:

- A. China
- B. Indonesia
- C. Japan

D. Malaysia

Answer : D

Solution :

- The Asian Tea Alliance (ATA), a union of five tea-growing and consuming countries, has been launched recently in Guizhou in China.
- The members of the alliance are the Indian Tea Association, China Tea Marketing Association, Indonesian Tea Marketing Association, Sri Lanka Tea Board and Japan Tea Association.
- ATA plans to work towards enhancing tea trade, cultural exchanges, technology exchanges as well as globally promoting tea.
- It will also work towards enhancing global consumption of tea, while creating a sustainability agenda for the future of Asian tea.

89. Earth Day is celebrated annually on April 22 to demonstrate support for environmental protection. Consider the following statements in this regard:

- 1) The theme of Earth Day 2019 is 'Protect our Planet'**
- 2) The Earth Day is being celebrated since first earth summit, 1992**

Choose the correct option:

- A. 1 only
- B. 2 only
- C. 1 and 2
- D. Neither of the two

Answer: D

Solution:

- The theme of Earth Day 2019 is 'Protect our Species'.
- The earth day is being celebrated since 1970.
- World Earth Day is celebrated so that each of us remembers that we are all responsible for the sustenance of Earth and its ecosystems.
- The day also identifies the collective responsibility to promote harmony with nature and the Earth in order to achieve a balance among the economic, social and environmental needs of present and future generations of humanity.

90. The May Fourth Movement was an intellectual and reformist movement that reached its peak on May 4th, 1919. Recently, the 100th anniversary of the May Fourth Movement was celebrated. The May Fourth Movement is concerned with:

- A. India
- B. China
- C. USA
- D. Russia

Answer: B

Solution:

In 1919, the May Fourth Movement was triggered by a student revolt against the capitulation of the nationalist Chinese government to Western powers during the Treaty of Versailles negotiations, held at the end of the First World War. China had allied with the Western powers in the War on the assumption that its coastal province of Shandong, then under German occupation, would be returned to its sovereign control. But before the war ended, German occupation of Shandong was replaced by that of Japan, which imposed onerous additional conditions on the Chinese.

91. 'Kafala' was recently seen in news. Kafala is:

- A. cultural festival of Western Asian countries
- B. proposed free trade agreement between Western Asian countries
- C. exit visa system prevalent in Western Asian countries
- D. recent initiative to help workers of Kerala working in Western Asian countries

Answer: C

Solution:

- Kafala is a controversial exit visa system prevalent in Middle Eastern countries.
- Kafala regulates the relationship between employers and migrant workers in many countries in West Asia.

92. Gudi Padwa, Ugadi and Yugadi are New Year festivals celebrated in various states of India on 6th April. Consider the following statements in this regard: 1) Gudi Padwa is a Maharashtrian new year 2) Ugadi is the New Year's Day for the people of Andhra

Pradesh and Telangana 3) Yugadi is new year festival of Karnataka

Choose the correct option:

- A. 1 and 2 only
- B. 2 and 3 only
- C. 1 and 3 only
- D. 1, 2 and 3

Answer: D

Solution:

- Gudi Padwa is a Maharashrian new year and is celebrated in parts of Maharashtra.
- Ugadi is the New Year's Day for the people of Andhra Pradesh and Telangana.
- In Karnataka, the festival is celebrated as Yugadi.

93. Gurpreet Singh Sandhu and Jeje Lalpekhluva have been recommended for Arjuna award 2019. Consider the following statements in this regard:

- 1) Gurpreet Singh Sandhu and Jeje Lalpekhluva play Hockey
- 2) Arjuna Award is the highest sporting award of country

Choose the correct option:

- A. 1 only
- B. 2 only
- C. 1 and 2
- D. Neither of the two

Answer: D

Solution:

- Gurpreet Singh Sandhu and Jeje Lalpekhluva play Football.
- Arjuna Award is India's second highest sporting award after Rajiv Gandhi Khel Ratna Award.

94. Recently, Govt. of India has released a postage stamp to commemorate the 750th birth anniversary of Sri Vedanta Desikan. Consider the following statements regarding Sri Vedanta Desikan:

- 1) He was a Telugu poet
- 2) He was one of the most prominent preceptors in the Srivaishnava tradition

Choose the correct option:

- A. 1 only
- B. 2 only
- C. 1 and 2
- D. Neither of the two

Answer: B

Solution:

Sri Vedanta Desikan (1268–1369) was a tamil poet.

95. Which of the following statements are correct regarding International Day for Biological Diversity:

- 1) It is celebrated on 22nd May
- 2) The theme for the International Day for Biological Diversity, 2019 is "Our Biodiversity, Our Food, Our Health"

Choose the correct option:

- A. 1 only
- B. 2 only
- C. 1 and 2
- D. Neither of the two

Answer: C

Solution:

- International Day for Biological Diversity, also known as World Biodiversity Day, is observed on May 22 to promote biodiversity issues.
- This year's theme "Our Biodiversity, Our Food, Our Health" focuses on biodiversity as the foundation for our food and health and a key catalyst in transforming food systems and improving human health.

96. The Quadrilateral Security Dialogue was recently held in Thailand. Which of the following countries is not a member of the dialogue:

- A. India
- B. Russia
- C. Japan
- D. Australia

Answer : B

Solution : The Quadrilateral Security Dialogue is an informal strategic grouping consisting of India, US, Australia and Japan. The members recently met in Bangkok in Thailand.

97. Graphite is used in electronic products such as electrodes, batteries, and solar panels. Choose the correct decreasing order of Graphite reserves found in following states of India:

- A. Arunachal Pradesh, Jammu & Kashmir, Jharkhand, Tamil Nadu
- B. Jammu & Kashmir, Arunachal Pradesh, Jharkhand, Tamil Nadu
- C. Arunachal Pradesh, Jammu & Kashmir, Tamil Nadu, Jharkhand,
- D. Jammu & Kashmir, Arunachal Pradesh, Tamil Nadu, Jharkhand,

Answer : A

Solution : According to a recent survey of GSI, Arunachal Pradesh has got highest reserves of Graphite in country.

98. 'Artemis' program was recently in news. Consider the following statements in this regard:

- 1) This is the program of NASA.
- 2) Under 'Artemis' program, humans would be sent to Mars by 2024.

Choose the correct option:

- A. 1 only
- B. 2 only
- C. 1 and 2
- D. Neither of the two

Answer : A

Solution : In May 2019, NASA unveiled the calendar for the 'Artemis' 2024 Moon mission that will send astronauts to the lunar surface by 2024, including the first woman and the next man.

99. Which of the following statements are correct regarding Vayoshreshtha Samman:

- 1) These are the National Awards for Senior Citizens
- 2) These awards come under purview of Ministry of Social Justice & Empowerment

Choose the correct option:

- A. 1 only
- B. 2 only
- C. 1 and 2
- D. Neither of the two

Answer : C

Solution : • In May 2019, the Department of Social Justice And Empowerment had invited nominations for Vayoshreshtha Samman- National Awards for Senior Citizens 2019

100. Joint meetings of Basel, Stockholm and Rotterdam conventions were held in Geneva in May, 2019. In this regard, consider the following statements:

- 1) Basel convention is concerned with prior informed consent procedure for certain hazardous chemicals and pesticides in international trade
- 2) Stockholm convention aims to eliminate the production and use of persistent organic pollutants (POPs).
- 3) Rotterdam convention aims to control the transboundary movements of hazardous wastes and their disposal

Choose the correct option:

- A. 1 and 2 only
- B. 2 only
- C. 2 and 3 only
- D. 3 only

Answer: B

Solution:

- The Basel Convention aims to control of transboundary movements of hazardous wastes and their disposal.
- Stockholm convention aims to eliminate the production and use of persistent organic pollutants (POPs).
- Rotterdam Convention is concerned with the prior informed consent procedure for certain hazardous chemicals and pesticides in international trade.

101. Sasakawa Award is given in the field of:

- A. Management of Health
- B. Architecture
- C. Inventions in field of Medicine
- D. Disaster Risk Management

Answer: D

Solution:

- Sasakawa Award is the most prestigious international award in Disaster Risk Management (DRM) area.
- In May 2019, United Nations Office for Disaster Risk Reduction (UNDRR) conferred Sasakawa Award 2019 for Disaster Risk Reduction to Dr. Pramod Kumar Mishra, Additional Principal Secretary to Prime Minister of India.

102. India has recently joined a major global initiative named 'Christchurch call to action'. This initiative is concerned with:

- A. to combat extremism online
- B. to combat hunger
- C. to combat nuclear disasters
- D. to combat crime against woman

Answer: A

Solution:

- India has recently joined a major global initiative to combat terrorism and extremism online and secure the internet.
- The initiative -- 'Christchurch call to action' -- has been named after the New Zealand city where 51 people were killed in an attack on mosques.
- It was launched in Paris by India, France, New Zealand, Canada and several other countries.

103. Operation Safed Sagar was recently in news. It is concerned with:

- A. Making oceans free from pollution
- B. Reducing damage from cyclones
- C. Indian army operation in middle east to protect Indians from ISIS
- D. Operation of Indian Air Force during Kargil war

Answer: D

Solution:

- Operation Safed Sagar was the code name of Indian Air Force's role in acting jointly with Ground troops during the Kargil war.
- At 20th anniversary of the Kargil War, Indian Air Force (IAF) Chief Air Chief Marshal (ACM) B.S. Dhanoa paid homage to the air warriors who made supreme sacrifice during Operation Safed Sagar at Kargil.

104. Consider the following statements regarding Conference of the Parties (COP) to the United Nations Climate Change Conferences:

- 1) The 24th meeting of the COP, 2018 was held in Katowice, Poland
- 2) The 25th meeting of the COP, 2019 will be held in Brazil

Choose the correct option:

- A. 1 only
- B. 2 only
- C. 1 and 2
- D. Neither of the two

Answer: A

Solution:

The Conference of the Parties (COP) is the governing body of the United Nations Climate Change Conferences. Till date 24 meetings have been held.

- 1st meeting was held in Berlin in 1995
- 3rd meeting was held in Kyoto in 1997 [Kyoto Protocol]
- 24th meeting was held in Katowice, Poland in 2018
- 25th meeting was to take place in Brazil in 2019. However, Brazil has pulled out of hosting the event. Hence, COP25 will be organized by Chile in December 2019.

105. Biosphere Reserves are declared to ensure the conservation of ecosystems and species. Generally, a Biosphere Reserve is divided into 3 parts viz. Core, Buffer and Transition. Choose the correct match in this regard:

- 1) **Core Zone: R&D is allowed**
- 2) **Buffer Zone: Tourism, fishing and grazing are allowed**
- 3) **Transition Zone: Settlement and other economic activities are allowed**

Choose the correct option:

- A. 1 and 2 only
- B. 1 and 3 only
- C. 2 and 3 only
- D. 1, 2 and 3

Answer: D

Solution:

Biosphere reserves aim to monitor the natural and human-cause changes on spatial and temporal scales. They also promote economic development which is culturally, socially and ecologically sustainable.

Structure of Biosphere Reserve:

1. **Core Area:** Absolutely undisturbed. A core zone allows R&D that does not affect wildlife. It is free from all human pressures.
2. **Buffer zone:** Buffer Zone surrounds the core zone. It protect the core zone. Here Tourism, fishing and grazing are permitted.
3. **The Transition Zone:** The Transition Zone is the outermost part of a Biosphere Reserve. This includes settlements, crop lands, managed forests and area for intensive recreation, and other economic activities.

106. With respect to the Convention on International Trade in Endangered Species of Wild Fauna and Flora (CITES), consider the following statements:

- 1) **The convention was signed in 1973**
- 2) **Its secretariat is located in Geneva**
- 3) **The 18th meeting of the Conference of the Parties (CoP) to the CITES was held in Colombo in 2019**

Choose the correct option:

- A. 1 and 2 only
- B. 2 and 3 only
- C. 1 and 3 only
- D. 1, 2 and 3

Answer : C

Solution :

- CITES aims to ensure that international trade in specimens of wild animals and plants does not threaten the survival of the species in the wild.
- It is also known as the Washington Convention. Its secretariat is located in Washington.
- The 18th meeting of the Conference of the Parties (CoP) to the CITES was held in Colombo in 2019.

107. With respect to World Wildlife Day, consider the following statements:

- 1) World Wildlife Day is observed every year on 3rd March**
- 2) The theme of the year 2019 for World Wildlife Day is “Life below water: for people and planet”**

Choose the correct option:

- A. 1 only
- B. 2 only
- C. 1 and 2
- D. Neither of the two

Answer: C

Solution:

- On this day, World Wildlife Day is celebrated every year on 3 March because the Convention on International Trade is signed in the endangered species of wildlife and flora (CITES) on this day.
- World wildlife day aims to raise awareness about the world’s wild fauna and flora.

- The 2019 theme is “Life below water: for people and planet”

108. With respect to Ramsar Convention, consider the following statements:

- 1) The convention aims to protect the rivers and other water bodies**
- 2) The convention was signed in 1971**
- 3) The last conference of parties of convention was held in Dubai in 2018**

Choose the correct option:

- A. 1 and 2 only
- B. 2 and 3 only
- C. 1 and 3 only
- D. 1, 2 and 3

Answer: B

Solution:

- The Ramsar Convention aims to protect wetlands (not rivers). It is named after the city of Ramsar in Iran, where the Convention was signed in 1971.
- Every three years, countries meet to discuss the sustainable use of wetlands. 13th meeting was held in Dubai, United Arab Emirates, in October 2018.

109. The Sahitya Academy Award, one of the highest literary honor in India, is conferred on writers of the most outstanding books published in:

- A. Hindi only
- B. Hindi and English only
- C. 22 languages listed in the Eighth Schedule of the Indian Constitution only
- D. None of the above

Answer: D

Solution:

The Sahitya Academy Award is conferred on writers of the most outstanding books published in 22 listed in the Eighth Schedule of the Indian Constitution, along with English and Rajasthani.

110.The Jnanpith Award:

- 1) has been conferred upon author Amitav Ghosh recently**
- 2) can only be conferred upon an Indian citizen**
- 3) is given to writers writing in Indian languages included in the Eighth Schedule to the Constitution of India only**

Choose the correct option:

- A. 1 and 2 only
- B. 2 and 3 only
- C. 1 and 3 only
- D. 1, 2 and 3

Answer: A

Solution:

- On 13th June 2019, Author Amitav Ghosh was felicitated with the 54th Jnanpith Award for his “outstanding contribution to the enrichment of Indian Literature in English.
- The Jnanpith award is the highest literary award in India and can only be conferred upon an Indian citizen. It is given to writers writing in Indian languages included in the Eighth Schedule to the Constitution of India and English. English language was added to the list of languages for consideration after the 49th Jnanpith Award.

111.Which of the following statements are correct:

- 1) The Ambassador of Conscience Award is one of the most prestigious human rights awards, awarded by United Nations**
- 2) Greta Thunberg has been awarded the Ambassador of Conscience Award, 2019**

Choose the correct option:

- A. 1 only
- B. 2 only
- C. 1 and 2
- D. Neither of the two

Answer: B

Solution:

- The Ambassador of Conscience Award is one of the most prestigious human rights award, awarded by Amnesty International.
- Sweden's teenage climate activist Greta Thunberg has recently been awarded the prestigious Amnesty International prize for mobilising world public opinion on the looming peril of global warming.

112. India has signed a Rs 200 crore deal with Russia to acquire 'Strum Ataka'. Strum Ataka is:

- A. A Submarine
- B. A fighter Aircraft
- C. An Anti-Tank Missile
- D. An Anti-Missile Shield

Answer: C

Solution:

Seeking to keep itself battle-ready in situations like the one post-Balakot aerial strikes, India has recently signed a deal to acquire 'Strum Ataka' anti-tank missile from Russia for its fleet of Mi-35 attack choppers.

113. The BrahMos

- 1) is the fastest supersonic cruise missile in the world**
- 2) is a joint venture between India and USA**
- 3) can be launched from submarine, ships, aircraft, or land**

Choose the correct option:

- A. 1 and 2 only
- B. 2 and 3 only
- C. 1 and 3 only

D. 1, 2 and 3

Answer: C

Solution:

- The BrahMos is a medium-range supersonic cruise missile that can be launched from submarine, ships, aircraft, or land.
- It is a joint venture between India and Russia.
- It is the fastest supersonic cruise missile in the world with a speed of 4800 kmph.
