- It aims to make India Aatmanirbhar and self-reliant, this path-breaking initiative of TRIFED will showcase the handicrafts and produce of tribal enterprises from across the country. It will help them to showcase their products directly to the market.
- Along with this several other TRIFED initiatives that are aimed to support tribal brethren. These include the inauguration of Pakur Honey which is 100 per cent natural honey, gathered by Santhal Tribals from Pakur, Jharkhand and Tribes India's 123rd and 124th outlets in Rishikesh and Kolkata, inclusion of new tribal product ranges from the states of Jharkhand and

Chhattisgarh and partnership of TRIFED and Tribes India with Amazon in their Seller Flex program.

The South Eastern Railway has launched an 'Operation My Saheli (friend)'

- It aims to boost the security of women passengers in trains during their entire journey.
- In this project "Teams of women sub-inspectors (SI) interact with lady passengers in the train at the starting station, tell them about precautions & guideline should be followed and provide the emergency contact numbers in case of emergency.

Delhi CM Arvind Kejriwal launched an anti-air pollution campaign

- Under the campaign "Yudh Pradushan ke Virudh", "Polluted air can be life-threatening in view of the COVID-19 pandemic. Both affect lungs."
- The government is also preparing a "Green Delhi" mobile application.
- "Using it, people can bring pollution-causing activities, such as garbage burning or industrial pollution.

Ravi Chopra Committee: The chairman of an expert committee has alleged violations of the Supreme Court orders in the execution of the Chardham project.

- Ravi Chopra is the Chairman of the High Powered Committee (HPC) appointed by Supreme Court. Supreme Court ruled that the width of the road should not exceed the 5.5 metres that the Ministry of Road Transport and Highways (MoRTH) specified in 2018 for construction roads in the mountain.

Note: Chardham Pariyojana: The Chardham road connects the pilgrimage centres of Gangotri, Yamunotri, Badrinath and Kedarnath. This programme is under the Ministry of Road Transport and Highways for connectivity improvement for Chardham in Uttarakhand. It is a 900-km, ₹12,000-crore enterprise to connect pilgrimage spots in Uttarakhand.

Important News: World

India Released Commemorative Postage Stamp on 75th Anniversary of UN

- Department of Posts (DOP), Ministry of Communications released a commemorative postage stamp on the 75th anniversary of the United Nations Organisations.

India hosts meeting of SCO Ministers handling economy and foreign trade

- India hosted the 19th Meeting of the Shanghai Cooperation Organisation (SCO) Ministers responsible for Foreign Economy and Foreign Trade Activities on 28 October.
- In the meeting four documents were adopted: 1. Statement on the response to Covid-19, 2. Statement on the Multilateral Trading System of Ministers of SCO Countries who are WTO

Members, 3. Statement on SCO Cooperation on Intellectual Property Rights (IPR) and 4. Action Plan for Implementation of MOU to stimulate cooperation within the framework of SCO in the field of MSMEs.

- **About SCO (The Shanghai Cooperation Organisation) or Shanghai Pact:** It is a Eurasian political, economic, and security alliance.
 - **Headquarters:** Beijing, China
 - **Founded:** 15 June 2001
 - **Secretary General:** Vladimir Norov
 - **Members:** China, India, Kyrgyzstan, Kazakhstan, Pakistan, Russia, Tajikistan and Uzbekistan.

Indian Diplomat Dr Neena Malhotra appointed as next Ambassador to Republic of San Marino

- Dr Neena Malhotra, a 1992-batch Indian Foreign Service officer, has been concurrently accredited as the next Ambassador of India to the Republic of San Marino. Presently, she is serving as the Ambassador of India to the Republic of Italy.

Indian Diplomat Sushil Kumar Singhal appointed as next Ambassador to Solomon Islands

- Sushil Kumar Singhal, a 2000-batch Indian Foreign Service officer, has been concurrently accredited as the next High Commissioner of India to the Solomon Islands. He is presently serving as the High Commissioner of India to the Independent State of Papua New Guinea.

India, US hold 3rd bilateral two plus two (2+2) Ministerial Dialogue in New Delhi

- From the Indian side, Defence Minister Rajnath Singh and External Affairs Minister Dr. S. Jaishankar led the delegation. US Secretary of State Mike Pompeo and Secretary of Defence Mark Esper led the US delegation.
- **India and US signed five agreements in total:**
 1. **Basic Exchange and Cooperation Agreement (BECA)** between the Ministry of Defence, Government of India and the National Geospatial-Intelligence Agency (NGA), Department of Defense of the United States of America.
 2. **Memorandum of Understanding for Technical Cooperation in Earth Observations and Earth Sciences** between the Ministry of Earth Sciences of India and the National Oceanic and Atmospheric Administration of USA.
 3. Arrangement extending the duration of the Memorandum of Understanding between India and USA concerning cooperation with the **Global Center for Nuclear Energy Partnership**, India.
 4. **Agreement for the Electronic Exchange of Customs Data** between the Postal Operators (India Post and United States Postal Service)
 5. Letter of Intent between the Central Council for Research in Ayurvedic Sciences, New Delhi, Ministry of Ayush, India and the Office of Cancer Complementary and Alternative Medicine, National Cancer Institute, Department of Health and Human Services, USA for cooperation in the **field of Ayurveda and Cancer Research**.

Note: First 2+2 dialogue was held in New Delhi in 2018. **Second 2+2 dialogue** was held in Washington D.C. in 2019.

6th BRICS Parliamentary Forum

- The 6th BRICS Parliamentary Forum **under the Russian Chairmanship** (Chairman- Vyachaslav Volodin) was held on 27 October. Five members of BRICS- Brazil, Russia, India, China and South Africa participate in this forum.
- The theme was BRICS partnership in the interest of the global stability, general safety and innovative growth: parliamentary dimension.
- Lok Sabha Speaker Om Birla said that BRICS countries need to intensify their collective fight against terrorism which poses the biggest threat to humankind.
- **Note: 12th BRICS Summit** is scheduled to be held on 17th November 2020 under the chairmanship of Russia.

Luis Arce declared as Bolivia's president-elect

- Luis Arce, the candidate for the Movement Towards Socialism (MAS) party, has won the presidential elections.
- **About Bolivia:**
 - **Capitals:** La Paz, Sucre
 - **Currency:** Boliviano
 - **Continent:** South America

The Principality of Andorra becomes the 190th member state of the IMF

- The Principality of Andorra became the 190th member state of the International Monetary Fund (IMF).
- **About Andorra:** Located between France and Spain, this principality has only 78,000 inhabitants. Its economy depends on trade and tourism. Not being a member of the European Union, this small state did not benefit from the community recovery plan.
 - **Capital:** Andorra la Vella
 - **Currency:** Euro
 - **Continent:** Europe

Indian-origin Wavel Ramkalawan is elected Seychelles President

- Ramkalawan, a former Anglican priest, defeated President Danny Faure after three decades of runs for the presidency of the East African nation. Wavel Ramkalawan, whose grandfather came from Gopalganj, Bihar.
- **About Seychelles**
 - Capital: Victoria
 - Currency: Seychellois rupee
 - Continent: Africa

Note:

- In June 2018, Indian Prime Minister Narendra Modi announced that India was extending Seychelles a USD\$100 million credit to develop its defence capabilities.
- The Seychelles government has leased the Assumption Island to the Indian Navy to build an overseas base of operations there.
- India and Seychelles have been conducting joint military exercise '**Lamitye**' since 2001 with the aim of enhancing military cooperation and interoperability between the armies of the two countries.

Saad al-Hariri named as Lebanon's new prime minister

Lebanon's President Michel Aoun designated Sunni Muslim politician Saad al-Hariri as Prime Minister to form a new government.

- This will be Hariri's third stretch as prime minister.
- **About Lebanon:** Lebanon, officially known as the Lebanese Republic, is a country in the Levant region of Western Asia.
 - **Capital:** Beirut
 - **Currency:** Lebanese pound
 - **President:** Michel Aoun

Feni bridge connecting India and Bangladesh

- Road Transport Minister Nitin Gadkari announced that 1.8 kilometre long Feni bridge connecting Sabrum in India with Ramgarh in Bangladesh will be completed by December this year.
- This bridge will be built on Feni River. The Feni bridge being built at the cost of Rs. 129 crore will ease the transportation of goods from Chattogram and Kolkata ports. An integrated check post is also proposed to be built near Sabrum.
- **Note:** Feni River flows in southeast Bangladesh and Indian state of Tripura.

India gets Chairmanship of ILO Governing Body after a gap of 35 years

- Labour and Employment Secretary, Apurva Chandra, has been elected as the Chairperson of the Governing Body of the ILO for the period October 2020- June 2021.
- Mr. Chandra belongs to the 1988 batch of the Indian Administrative Service, Maharashtra Cadre.
- The Governing Body is the apex executive body of the ILO which decides policies, programmes, agenda, budget and elects the Director-General.
- **About ILO (International Labour Organization):** It is a United Nations agency whose mandate is to advance social and economic justice through setting international labour standards.
- **Headquarters:** Geneva, Switzerland
- **Head:** Guy Ryder
- **Founder:** Paris Peace Conference
- **Founded:** 1919

- **Parent organizations:** United Nations General Assembly, United Nations Economic and Social Council

Singapore in the world first for facial verification

- Singapore will be the first country in the world to use facial verification in its national identity scheme.
- **Note:** London-based biometric and facial authentication company, iProov, provides this technology. The technology will be integrated with the country's digital identity scheme SingPass and allows access to government services.

Vishal V. Sharma has been appointed as India's next permanent representative to UNESCO

- **Facts about UNESCO** (The United Nations Educational, Scientific and Cultural Organization)
- **Formation:** 1945
- **Headquarters:** Paris, France
- **Head-Director General:** Audrey Azoulay

Pakistan to remain on “Grey List” of FATF

Facts about FATF:

- It is an inter-governmental body established in **1989** under the **Organization for Economic Cooperation and Development** (OECD) & headquarter is in **Paris**.
- The main aims of the FATF are to set standards and promote effective implementation of legal, regulatory and operational measures for combating money laundering, terrorist financing and other related threats to the integrity of the international financial system.
- **Member Countries:** 37 countries (including India).

Two lists of FATF:

Grey List: Those Countries that are considered safe haven for supporting terror funding and money laundering. It serves as a warning to the country that it may enter the blacklist.

Black List: Those Countries known as Non-Cooperative Countries or Territories are put in the blacklist. These countries support terror funding and money laundering activities. The FATF revises the blacklist regularly, adding or deleting entries.

India to attend Seventh Justice Ministers Meet of SCO

- The Union Minister of law and Justice Shri Ravi Shankar Prasad attended the seventh meeting of ministers of justice of Shanghai Cooperation Organization.
- The ministers during the meet will share the knowledge on creating a conducive environment to promote dispute resolution mechanism, forensic activities and other legal services. Also, the

ministers will discuss the action plan of the working groups of experts on legal services and forensic activities.

Facts about SCO:

- Shanghai Cooperation Organisation (SCO), or Shanghai Pact, is a Eurasian political, economic and security alliance.
- **Formed:** 15 June 2001
- **Members:** China, Kazakhstan, Kyrgyzstan, Russia, Tajikistan, Uzbekistan, India & Pakistan.
- **Headquarter:** Beijing, China

IMF's World Economic Outlook Report, October 2020

- International Monetary Fund predicted a deep global recession this year and the world growth to be - 4.4 percent, asserting that the global economic crisis is far from over mainly due to the impact of the corona virus pandemic.
- **India's economy** is projected to contract by -10.3% in FY21 which is 5.8% lower than the June projections. The economy is expected to recover to 8.8% in FY22. In June 2020, IMF had projected the Indian economy to contract by 4.5% in FY21.
- **Note: International Monetary Fund** is an organization to promote global monetary cooperation, secure financial stability, facilitate international trade, promote high employment and sustainable economic growth and reduce poverty. Created in 1945, the IMF is governed by and accountable to the 189 countries that make up its near-global membership. India Joined on December 27, 1945.

India Gets Re-elected As President of International Solar Alliance

During a virtual meeting of the International Solar Alliance, India was re-elected as the President of the organization for a term of two years with France as the Co-President.

Note: International Solar Alliance (ISA) is an association of 121 countries initiated by India, most of them being sunshine countries, which lie either completely or partly between the Tropic of Cancer and the Tropic of Capricorn. It aims to work for efficient consumption of solar energy to reduce dependence on fossil fuels.

Facts about International Solar Alliance

Headquarters: Gurugram, Haryana, India

Director General: Upendra Tripathy

Founded: 30 November 2015

Membership: All members of UN

Facts about IMF

- **Managing Director:** Kristalina Georgieva
- **Chief Economist:** Gita Gopinath
- **Headquarters:** Washington, D.C. U.S

On 17th November, 12th BRICS Summit to be held virtually.

- The theme of this summit is “BRICS Partnership for Global Stability, Shared Security and Innovative Growth”.
- The Summit is being held under Russia's Chairmanship and aims at multifaceted cooperation between the member countries. The five-member countries have continued close strategic partnership on all the three significant pillars of peace and security, economy and finance, cultural and people-to-people exchanges.

Note: BRICS is an association of five countries: Brazil, Russia, India, China and South Africa. The BRICS members are known for their significant influence on regional affairs.

Award and Honor

Swachh Bharat Awards 2020 announced: Gujarat bags first position under Swachh Sundar Samudayak Shouchalaya category

- The Swachh Bharat Awards-2020 was given to States, Districts, Blocks and Village Panchayats.
- The awards were given particularly under drinking water and cleanliness categories.
- The Government had earlier launched three missions under Swachh Sundar Samudayik Shouchalaya, Samudayik Shouchalaya Abhiyan and Gandagi Mukth Bharat.
- Under the Swachh Sundar Samudayik Shouchalaya category, Gujarat bagged the first position at state level whereas Tirunelveli in Tamil Nadu got the Award for cleanliness at District Level.
- Khachrod block in Ujjain district in Madhya Pradesh was awarded the first position and Chinnanur Village in Tamil Nadu bagged the top slot at Gram Panchayat level.
- Under the Samudayik Shouchalaya Abhiyan, Gujarat and Uttar Pradesh were awarded as the best performing states whereas Prayagraj and Bareilly got it for being the best performing districts. Under the Gandagi Mukth Bharat Mission, Haryana and Telangana were awarded the top slot.

The Nobel Prize in Medicine 2020

- Nobel Prize in the field of Physiology or Medicine was awarded jointly to Americans Harvey J. Alter and Charles M Rice, and British scientist Michael Houghton for the discovery of the Hepatitis C virus.
- Note: The Prize Money of 1,118,000 USD for the Nobel Prize for Physiology or Medicine also comes with a gold medal.
- Hepatitis: According to the WHO (World Health Organization), there are more than 70 million cases of Hepatitis in the world. Over 400,000 deaths occur due to the disease. The disease is

chronic, and it causes liver inflammations and cancer. Hepatitis C is caused by the hepatitis C virus. It is a liver infection that can lead to serious liver damage.

- Nobel Prize is international awards bestowed in a number of categories by Swedish and Norwegian institutions in recognition of academic, cultural, and scientific advances. The will of the Swedish inventor Alfred Nobel established the prizes in 1895. The prize ceremonies usually take place annually in Stockholm, Sweden. Each recipient, or laureate, receives a diploma, gold medal and a sum of money that has been decided by the Nobel Foundation.

Scientist, Dr. Satish Mishra bags "Dr. Tulsi Das Chugh Award-2020" given by National Academy of Medical Sciences (India)

- The Orations & Awards Committee of the National Academy of Medical Sciences (India), has selected Dr. **Satish Mishra, Principal Scientist, Division of Molecular Parasitology and Immunology, CSIR-CDRI, Lucknow** in recognition of **his research work on Malaria parasite's life cycle**

Himachal Pradesh: Mandi district bags top position for implementation of PMGSY

- Union Ministry of Rural Development has declared the list of top performing 30 districts in the country for implementing the PMGSY programme.
- Himachal Pradesh's Mandi district has bagged top position among 30 districts of the country in successful implementation of Pradhan Mantri Gram Sadak Yojana of maximum length in 2020-21.
- Another districts of Himachal Pradesh have also secured position among top 30 best performing districts, which include Chamba, Shimla, Kangra, Una, Sirmour, Hamirpur and Solan.
- Himachal Pradesh has also secured second position at the national level for construction of roads under PMGSY.
- **Note: PMGSY (Pradhan Mantri Gram Sadak Yojana)** is a nationwide plan in India to provide good all-weather road connectivity to unconnected villages.
 - **Launch year:** 2000
 - **Sector:** Rural development
 - **Ministry:** Ministry of Rural Development

The Nobel Prize 2020 in Literature is awarded to the American poet Louise Gluck.

- "For her unmistakable poetic voice that with austere beauty makes individual existence universal".
- She is an American poet who has won many major literary awards such as the National Humanities Medal, Pulitzer Prize, National Book Critics Circle Award, National Book Award and Bollingen Prize.

The Nobel Prize in Chemistry 2020 awarded jointly to Emmanuelle Charpentier and Jennifer A. Doudna "For the development of a method for genome editing."

- Note: Jennifer A. Doudna and Emmanuelle Charpentier have discovered one of gene technology's sharpest tools: the CRISPR/Cas9 genetic scissors. Using this method, researchers can change the DNA of animals, plants and microorganisms with extremely high precision. This is contributing to new cancer therapies and may make the dream of curing inherited diseases come true.
- Genome editing, or genome engineering, or gene editing, is a type of genetic engineering in which DNA is inserted, deleted, modified or replaced in the genome of a living organism.
- CRISPR-Cas9 (Clustered regularly interspaced short palindromic repeats and CRISPR-associated protein 9). The CRISPR-Cas9 system has generated a lot of excitement in the scientific community because it is faster, cheaper, accurate, and efficient than other existing genome editing methods.

United Nations (UN) World Food Programme wins Nobel Peace Prize 2020 for 'combating hunger.'

- The World Food Programme (WFP) was awarded the prize for its efforts to combat hunger, for its contribution to bettering conditions for peace in conflict-affected areas and for acting as a driving force in efforts to prevent the use of hunger as a weapon of war and conflict.
- **Note:** The World Food Programme(WFP) is the food-assistance branch of the UN (United Nations) and the world's largest humanitarian organization addressing hunger and promoting food security.

Defense

Indian Navy gets first batch of women pilots for Maritime Reconnaissance missions

- Lieutenant Shubhangi Swaroop, Lt Divya Sharma and Lt Shivangi graduated as fully operational Maritime Reconnaissance (MR) pilots on October 22.
- Indian Navy got its first batch of women pilots for Maritime Reconnaissance (MR) missions on Dornier aircraft. The pilots completed Dornier Operational Flying Training (DOFT) on October 20 at INS Garuda in Kerala's Kochi. They were operationalised by the Southern Naval Command (SNC).

Science & Technology

ISRO-NASA Satellite NISAR scheduled to be launched by 2022

- The NASA-ISRO Synthetic Aperture Radar (NISAR) satellite is expected to be launched by 2022 as India and the US have decided to share Space Situational Awareness Information, which will catalyse efforts to create the conditions for a safe and sustainable space environment.
- The space agencies of the two countries had signed an agreement in 2014 to conduct the joint NISAR mission to co-develop and launch a dual-frequency synthetic aperture radar on an Earth observation satellite.
- **About ISRO (Indian Space Research Organisation):** It is the national space agency of India. It operates under the Department of Space.
- **Founded:** 15 August 1969

- **Headquarters:** Bengaluru
- **Director:** Kailasavadivoo Sivan
- **About NASA (National Aeronautics and Space Administration):** It is an independent agency of the U.S. Federal Government responsible for the civilian space program, as well as aeronautics and space research.
 - **Founded:** 1 October 1958
 - **Headquarters:** Washington, D.C.

NASA's SOFIA discovers water on surface of moon

- NASA's Stratospheric Observatory for Infrared Astronomy (SOFIA) has confirmed, for the first time, water on the sunlit surface of the Moon. This discovery indicates that water may be distributed across the lunar surface, and not limited to cold, shadowed places.
- SOFIA has detected water molecules (H₂O) in Clavius Crater, one of the largest craters visible from Earth, located in the Moon's southern hemisphere.

IFSCA introduces Framework for Regulatory Sandbox to tap into innovative FinTech solutions

- The International Financial Services Centres Authority (IFSCA), with an objective to develop a world class FinTech hub at the IFSC located at GIFT City in Gandhinagar (Gujarat, India), endeavours to encourage the promotion of financial technologies ('FinTech') initiatives in financial products and financial services across the spectrum of banking, insurance, securities and fund management.
- IFSCA has introduced a framework for "**Regulatory Sandbox**". Under this Sandbox framework, entities operating in the capital market, banking, insurance and financial services space shall be granted certain facilities and flexibilities to experiment with innovative FinTech solutions in a live environment with a limited set of real customers for a limited time frame.
- **Note:** An IFSC enables bringing back the financial services and transactions that are currently carried out in offshore financial centers by Indian corporate entities and overseas branches / subsidiaries of financial institutions (FIs) to India by offering business and regulatory environment that is comparable to other leading international financial centers in the world like London and Singapore.
- The **first IFSC** in India has been set up at the Gujarat International Finance Tec-City (GIFT City) in Gandhinagar.

Anti-Tank Guided Missile Nag passes final trial

- The long-awaited 3rd generation **Anti-Tank Guided Missile (ATGM), Nag**, successfully completed its final user trial in Pokhran, Rajasthan and Nag will enter into the production phase.
- The missile is launched from the NAG missile carrier (NAMICA). The missile will be produced by Defence PSU Bharat Dynamics Limited (BDL), whereas Ordnance Factory, Medak will produce the NAMICA.

- **Note:** The Nag missile has been developed by DRDO to strike and neutralize highly fortified enemy tanks. It also has night strike capabilities. It has a minimum range of 500 meters and maximum range of 4 kilometers. Nag uses an imaging infra-red seeker to lock on to the target before launch.

Australia to join Malabar Naval Exercise-2020 with India, US & Japan

- In the 24th **edition** of Malabar exercise, Australia will join the Malabar naval exercise involving India, US and Japan.
- The exercise showcases the deep trust between four major Indo-Pacific democracies and their shared will to work together on common security interests in the maritime domain.
- Exercise Malabar-2020 is expected to be held in the Bay of Bengal and the Arabian Sea later this year.
- **Note:** The **Malabar** series of Naval exercises started in 1992 as a bilateral Indian Navy-US Navy exercise and Japan joined the Naval exercise in 2015. Past non-permanent participants are Australia and Singapore.
- The **23rd edition of the MALABAR Exercise** was scheduled among the navies of India, Japan and USA from 26 September to 04 October 2019 off the coast of Japan.

India, US to sign geospatial pact BECA during 2+2 dialogue to deepen military cooperation

- **BECA (Basic Exchange and Cooperation Agreement)** for Geo-Spatial Cooperation will be signed with the US to further tighten the strategic clinch between the two countries during the 2+2 dialogue held on 26 and 27 October.
- **Note:** **BECA**, which will enable the US to share advanced satellite and topographical data for long-range navigation and missile-targeting with India, is expected to be inked during the two-plus-two dialogue.
- BECA will be a very significant development as it would allow India to use global geospatial maps of the US for accuracy of stand-off weapons like cruise and ballistic missiles.
- India inked the General Security of Military Information Agreement (**GSOMIA**) with the US in 2002, which was followed by the Logistics Exchange Memorandum of Agreement (**LEMOA**) in 2016, and then the Communications, Compatibility and Security Arrangement (**COMCASA**) in 2018.

INS Kavaratti to be commissioned into Indian Navy

- The last of four indigenously built Anti-Submarine Warfare (ASW) stealth corvettes INS Kavaratti under Project 28 (Kamorta class) will be commissioned into the Indian Navy by Chief of the Army Staff General Manoj Naravane, at Naval Dockyard in Visakhapatnam.
- INS Kavaratti has up to 90% indigenous content. The use of carbon composites to build it has been described as a 'commendable feat achieved in Indian shipbuilding.'
- It has state-of-the-art weapons and a sensor that can detect and take action against hostile submarines. It also has a good endurance for long-range deployments.

- **Note: 'Project 28'** was approved in 2003. The other three warships under this project are **INS Kamorta** (commissioned in 2014), **INS Kadmatt** (2016) and **INS Kiltan** (2017).

India-Sri Lanka begin their 8th edition of annual Navy bilateral maritime exercise SLINEX-20

- The 8th edition of the annual Indian Navy (IN) and Sri Lankan Navy (SLN) bilateral maritime exercise SLINEX-20 starts from October 19 to October 21, 2020, in Trincomalee, Sri Lanka.
- **Note:** The interaction between the navies of both nations has grown in recent years. It is in agreement with India's 'neighbourhood first' policy and PM Modi's vision of SAGAR (Security and Growth for all the Region).
- **The previous edition of SLINEX was conducted off in Visakhapatnam, India in September 2019.**

India successfully test-fires SANT Missile with 'Lock-On after Launch' & 'Lock-On before Launch' capabilities

- **SANT missile (Stand-off Anti-Tank Guided Missile)**, the air to ground version, has been successfully tested, at the Integrated Test Range in Odisha's Chandipur.
- **Note:** The **SANT missile** has been developed by DRDO's research centre Imarat, in association with Indian Air force, and is an upgrade of Helina's missile, which had a range of 7-8 km.
- The new missile has a range of 15-20 km and is equipped with a new nose-mounted active radar seeker, to help keep the launch platform at a safe distance, to evade defensive fire from the target area.

India conducts successful night trial of nuclear-capable Prithvi-2 missile

- India successfully conducted a night trial of the indigenously developed nuclear-capable Prithvi-2 missile as part of a user trial by the Army from a test range in Odisha.
- **Note:** The state-of-the-art surface-to-surface missile blasted off from launch complex 3 of the Integrated Test Range (ITR) at Chandipur near Balasore.
- The trial of the missile, which has a strike range of 350 km, was carried out from a mobile launcher. The Prithvi-2 missile is capable of carrying 500-1,000 kg of warheads and is powered by liquid propulsion twin engines.

BrahMos Supersonic Missile Successfully Test Fired From Navy's Stealth Destroyer

- Defence Research and Development Organisation (DRDO) test fired BrahMos supersonic cruise missile successfully from the Indian Navy's indigenously-built stealth destroyer INS Chennai, hitting a target in the Arabian Sea.
- BrahMos as "prime strike weapon" will ensure the warship's invincibility by engaging naval surface targets at long ranges, thus making the destroyer another lethal platform of Indian Navy.

India to Deliver Kilo Class Submarine INS Sindhuvir to Myanmar Navy

- This will be the first submarine of the neighboring country. The step is in accordance with India's vision of SAGAR and also in line with India's commitment to building capacities and self-reliance in the neighboring countries.
- **Note: SAGAR (Security and Growth for All in the Region)** is India's policy of maritime cooperation in the Indian Ocean region. It was unveiled in 2015.

DRDO test-fires Nirbhay Cruise Missile

- The Defence Research and Development Organisation launched the 800-km range Nirbhay cruise missile from Odisha's test facility into the Bay of Bengal.
- **Note:** Nirbhay is a subsonic missile, flying at a speed of 0.7 Mach, with sea-skimming and terrain-hugging capability that helps the missile stay under the enemy radar to avoid detection. The missile's launch is powered by a solid rocket booster developed by DRDO's Advanced Systems Laboratory.

Facts about DRDO:

- **Formed:** 1958
- **Headquarter:** New Delhi
- **Motto:** "Strength's Origin is in Knowledge"
- **Chairman of DRDO:** Dr G. Satheesh Reddy

India's DRDO successfully tests indigenous combat drone Rustom-II

- The Defence Research and Development Organisation (DRDO) tested the Rustom-2 medium altitude long endurance indigenous prototype drone. It achieved 8 hours of flying at an altitude of 16,000 feet at Chitradurga in Karnataka.
- **Note:** Rustom-2 is capable of carrying different combinations of payloads, which includes electronic intelligence systems, situational awareness systems and also synthetic aperture radar.

DRDO successfully flight tests SMART (Supersonic Missile Assisted Release of Torpedo)

- Supersonic Missile Assisted Release of Torpedo was successfully flight tested from Wheeler Island off the coast of Odisha.

Note: SMART is a missile assisted release of lightweight Anti-Submarine Torpedo System for Anti-Submarine Warfare (ASW) operations far beyond Torpedo range. The launch and demonstration are significant in establishing Anti-Submarine warfare capabilities.

The technology required for SMART has been developed by several laboratories, including the Hyderabad-based Defence Research Development Laboratory (DRDL) and Research Centre Imarat (RCI), Agra-based Aerial Delivery Research and Development Establishment (ADRDE) and Visakhapatnam-based Naval Science and Technological Laboratory (NSTL).

India-Bangladesh Naval Forces to Hold Exercise Bongosagar

- The 2nd edition of India-Bangladesh Bilateral Exercise Bongosagar begins on October 3 and will end on October 5 in the Bay of Bengal.
- Note: This edition of the joint naval exercise between Bangladesh and India will include surface warfare drills, seamanship evolutions and helicopter operations
- The exercise Bongosagar is aimed at developing interoperability and joint operational skills through the conduct of maritime exercises and operations.
- The Exercise Bongosagar will be followed by the 3rd edition of IN-BN Coordinated Patrol (CORPAT). This joint exercise will take place in the Northern Bay of Bengal from October 4-5. India and Bangladesh's navy will patrol along the International Maritime Boundary Line (IMBL) during the CORPAT exercise.

India test-fires new version of nuclear-capable 'Shaurya' Missile

- India successfully test-fired its indigenously developed nuclear-capable hypersonic missile 'Shaurya' with a strike range of around 1,000 kilometres. 'Shaurya', which is the land variant of India's K-15 missile, is capable of carrying payloads of 200 kg to 1000 kg and has a strike range of 700 km to 1000 km.
- The surface-to-surface tactical missile was blasted off from a canister strapped to the ground launcher from launch complex 4 of ITR (Integrated Test Range) in the APJ Abdul Kalam Island, Odisha by DRDO.
- According to DRDO, Shaurya is one of the top 10 missiles in the world with its high-performance navigation and guidance systems, sophisticated control technologies, efficient propulsion systems and canisters launch.

Science and Technology

INtel AI(INAI) initiative

- During the **Artificial Intelligence 2020** virtual Summit held on October 13, 2020, the **Telangana Government** along with **Intel India** will launch an artificial intelligence research centre in **Hyderabad**. The research centre is to be launched in collaboration with International Institute of Information Technology, Hyderabad (IIIT-H) and Public Health Foundation of India (PHFI). The centre has been named INAI.
- INAI is an initiative to apply AI to population scale problems in the Indian context, with a focus on identifying and solving challenges in the healthcare and smart mobility segments through strong ecosystem collaboration.
- **Note: Artificial Intelligence (AI):** It describes the action of machines accomplishing tasks that have historically required human intelligence. It includes technologies like machine learning, pattern recognition, big data, neural networks, self-algorithms etc.
- NITI Aayog has published the National Strategy for Artificial Intelligence wherein it has identified five core areas (**Healthcare, Agriculture, Education, Smart Cities and Infrastructure,**

Bandicoot robot) for the application of Artificial Intelligence. Committee on Artificial Intelligence task force headed by **V. Kamakoti** to explore possibilities to leverage AI for development across various fields.

ISRO to Launch Venus Mission In 2025

- Indian Space Research Organization will launch the Venus mission in 2025 with the participation of French space agency CNES.
- ISRO has selected The VIRAL (Venus Infrared Atmospheric Gases Linker) instrument co-developed with the Russian's & France space agency.
- Note: Venus is the second planet from the Sun. It is the hottest planet in the Solar System. It is also called Earth's "sister planet" because of their similar size, mass, proximity to the Sun, and bulk composition. Venus has no moons and no rings. The atmosphere consists mainly of carbon dioxide 96.5% and 3.5% nitrogen with traces of other gases, most notably sulfur dioxide. The surface temperature of the planet is about 900 degrees Fahrenheit (465 degrees Celsius).

Indian start-up AgniKul Cosmos rocket to be test-launched from US facility

- AgniKul Cosmos Private Limited (It is an Indian aerospace start-up) is a Chennai-based start-up incubated at the Indian Institute of Technology, Madras.

World's first asteroid mining robot into space will be launched by China in last 2020

- The main aims of the mission will be to know the asteroid mining robot's capabilities and to find out how well it can extract and identify valuable resources.
- The robot has been named 'asteroid mining robot' launched into space by a Chinese Long March series rocket.
- Objective: The robot will not be engaging in any mining work but it will be testing the technologies and to verify and demonstrate multiple functions such as stimulated small celestial body capture, spacecraft orbital manoeuvre, intelligent spacecraft identification, and control.

"India PV EDGE 2020" on Solar Manufacturing

- To catalyze cutting-edge PV manufacturing in India, NITI Aayog, Ministry of New and Renewable Energy, and Invest India, are organizing a global symposium, 'India PV EDGE 2020', on October 6, 2020.
- Note: India has become the third-largest solar capacity country in the world and set an ambitious target of 450 GW of renewable capacity by 2030, in which 300 GW is of solar capacity. Cutting-edge giga-scale solar manufacturing stands on three pillars:
- (i) Disruptive PV chemistries (ii) Manufacturing by custom-engineered advanced production equipment (iii) Utilization of innovative BOM components like special glasses and coatings.
- That is why companies involved in all the three pillars are invited to present and engage the Indian industry in the symposium, which will catalyze the momentum for further discussions and collaborations.

- India's NDC document of the Paris Agreement in 2015 called for extraordinary vision, leadership, compassion, and wisdom to combat climate change.

Environment & Ecology

India's Global Himalayan Expedition wins UN award for efforts to fight climate change

- An Indian organisation that leverages tourism and technology to help remote community's access solar energy has won a prestigious UN award for its efforts to combat climate change amid the Covid-19 pandemic.
- The recipients of the 2020 United Nations Global Climate Action Awards, bring focus to the best examples of what people across the globe are doing "to combat climate change in a year that has cast darkness upon so many."
- According to a statement on the United Nations Framework Convention on Climate Change, **GHE is the one of the world's first outfits using tourism and technology to bring solar energy to remote communities** as recognised by the World Travel and Tourism Council (WTTC) and the United Nations World Tourism Organisation (UNWTO).

Asan Conservation Reserve gets Ramsar site tag - a first for Uttarakhand

- Asan Conservation Reserve has become the first wetland from Uttarakhand to be included in the prestigious Ramsar sites list.
- Besides Asan, Kabartal Wetland from Bihar was the second new site to get included in this list.
- On the fresh inclusion, the Ramsar website stated that "India has named two new Wetlands of International Importance, bringing its total number of 'Ramsar Sites' to 39."
- Asan attracts a big population of migratory birds in winters. The man-made wetland possibly attracts the biggest number of Brahminy Duck or Ruddy Shelduck in the entire India.
- **About Ramsar Convention:** Ramsar Convention on Wetlands of International Importance especially as Waterfowl Habitat is an international treaty for the conservation and sustainable use of wetlands. It is also known as the Convention on Wetlands. It is named after the city of Ramsar in Iran, where the Convention was signed in 1971.
 - **Location:** Ramsar, Iran
 - **Effective:** 21 December 1975
 - **Signed:** 2 February 1971

Kaleshwaram irrigation project got environmental clearance 'ex post facto' in violation of law: NGT

- The National Green Tribunal (NGT) held that environmental clearance was granted to the Kaleshwaram lift irrigation project in Telangana "ex post facto" in violation of legal requirement, and formed a committee to assess the extent of damage caused and identify the restoration measures.
- **About Kaleshwaram Lift Irrigation Project:** It is a multi-purpose irrigation project on the Godavari River in Kaleshwaram, Bhupalpally, Telangana, India. Currently the world's largest multi-stage lift irrigation project, its farthest upstream influence is at the confluence of the Pranhita and Godavari rivers.

NSS (National Sample Survey) REPORT: TIME USE IN INDIA- 2019

- NSO (National Statistical Office) conducted the first Time Use Survey in India during January – December 2019.
- The survey measures the time spent and participation rate on paid activities, unpaid activities, care activities etc.

Note: The primary objective of Time Use Survey (TUS) is to determine the participation of women and men in paid and unpaid activities. TUS is an essential source of information on the time spent in unpaid caregiving activities, volunteer work and unpaid domestic service-producing activities. TUS also provides information on time spent on leisure activities, learning, socializing, self-care activities, etc., by the household members.

Features of the Survey:

1. Coverage: This survey covered 1,38,799 households (urban: 55,902 and rural: 82,897).
2. Data collection: In this survey data on time use was collected through a personal interview method.
2. Presentation of the estimates: The results have been presented here considering all the activities in the time slots instead of considering only the primary activity.

India's first 5 Animal bridges to come up on Delhi-Mumbai Greenfield Expressway

- The Delhi-Mumbai expressway will have five animal bridges or animal overpasses with a combined length of over 2.5 km.
- The upcoming expressway project will have India's first animal bridges that will be designed keeping in mind not to disturb the environment and wildlife section that comes up on the way of over 1,200 km long expressway.
- These bridges have been planned to abide by the concerns of not disturbing the wildlife movement on a section of Ranthambore Wildlife Corridor that comes on the way connecting Ranthambore and Mukundra (Darah) wildlife sanctuaries in Rajasthan.

Note: Wildlife crossings or animal bridges are a practice in habitat conservation, allowing connections or reconnections between habitats, combating habitat fragmentation. And also assist in avoiding collisions between vehicles and animals.

Ranking & Index

NTPC ranks 1st among Indian PSUs in Forbes' 'World's Best Employer 2020'

- NTPC Limited, formerly known as National Thermal Power Corporation Limited, is an Indian Public Sector Undertaking, engaged in the business of generation of electricity and allied activities. It is a company incorporated under the Companies Act 1956 and is promoted by the Government of India.
 - **Founded:** 1975
 - **Headquarters:** New Delhi, India

- **Chairman and Managing Director:** Gurdeep Singh

Global Hunger Index 2020

- India ranks 94 out of 107 countries.
- As per the report, 14 % of India's population is undernourished. Country recorded a child stunting rate of 37.4 %. Stunted children are those who have a "low height for their age, reflecting chronic undernutrition".
- At present, India lags behind Nepal, Bangladesh, Pakistan and Indonesia among others on the Global Hunger Index. Only 13 out of 107 countries, including Rwanda, Liberia, Afghanistan and Chad among others have fared worse than India.
- **Note:** The Global Hunger Index is an annual report, jointly published by Concern Worldwide and Welthungerhilfe, designed to comprehensively measure and track hunger at the global, country and regional levels.

State of Global Air (SoGA) 2020 Report: India recorded highest air pollution exposure globally in 2019

- Indians have the **highest exposure** to hazardous PM 2.5 particulate matter and the **third-highest exposure to ozone**.
- It is the State of Global Air 2020 Report for 2019 by the US-based Health Effects Institute. The findings are based on the latest Global Burden of Disease study published in The Lancet.
- India, Bangladesh, Pakistan and Nepal among top 10 countries with highest PM 2.5 exposure; India leads the tally.
- In 2019, air pollution caused 6.67 million deaths globally, with India accounting for 1.67 million of these.
- 476,000 newborns worldwide died in 2019 due to air pollution; India alone saw over 116,000 such deaths.
- **Note: PM stands for particulate matter** (particle pollution): the term for a mixture of solid particles and liquid droplets found in the air. **PM10:** inhalable particles, with diameters that are generally 10 micrometers and smaller.
- **PM2.5:** fine inhalable particles, with diameters that are generally 2.5 micrometers and smaller.
- **India is also among the top ten countries with highest ozone (O3) exposure** in 2019.

Government released Anemia Mukt Bharat (AMB) Index 2020

- This information came to light during the 8th Governing Body Meeting of the State Health Society of the National Health Mission (NHM) in Chandigarh.
- Haryana was ranked at the top slot (1st) with an AMB Index of 46.7 among 29 states in the country.
- West Bengal got 2nd, Orissa got 3rd and Uttar Pradesh got 29th rank.
- **Note: Anemia Mukt Bharat**, an initiative of the Ministry of Health and Family Welfare and UNICEF, has been launched to reduce the prevalence of Anemia all over India.

44th OECD International Migration Outlook 2020 Report

- As per the report, **India ranked second** in terms of the “total” inflow of new migrants to OECD countries during the year 2018 as well as in the number of Indians obtaining citizenship of these countries.
- China continued to retain the top position as the largest source country.
- Romania got third position.
- **Note:** Migration from India to OECD countries climbed significantly by 10% and hit 3.3 lakh and it accounted for about 5% of the overall migration to OECD countries.

Facts:

- **The Organization for Economic Cooperation and Development (OECD)**
- **Headquarters:** Paris, France
- **Founded:** 1961
- **Membership:** 37 Countries
- **Secretary General:** Jose Angel Gurría

World Bank's Poverty and Shared Prosperity Report 2020

- As per the report, The COVID-19 pandemic is estimated to push an additional 88 million to 115 million people into extreme poverty this year (2020), with the total rising to as many as 150 million by next year (2021), depending on the severity of the economic contraction.
- Extreme poverty, defined as living on less than \$1.90 a day, is likely to affect between 9.1% and 9.4% of the world's population in 2020.
- The new poor being added will be mainly from countries that already have high poverty rates. The significant numbers will be seen in middle-income countries. India belongs to the category of lower-middle-income country.

Facts about World Bank:

- The World Bank (WB) is an international financial institution. It provides loans and grants to the governments of low and middle-income countries.
- **Headquarters:** Washington, D.C., United States
- **Founded:** July 1944
- **President:** David R. Malpass

United Nations report on Stillbirths

- A report, a **Neglected Tragedy: The Global Burden of Stillbirths** was released by the UNICEF, the World Health Organization, the World Bank and the UN Department of Economic and Social Affairs.
- Almost two million babies are stillborn every year – one every 16 seconds, warning that the COVID-19 pandemic could add another 200,000 deaths to a toll is described as

devastating. Some 84 % of stillbirths, take place in low and middle-income countries, as a result of a lack of midwives and poor-quality healthcare.

- In 2019, an estimated 1.9 million babies were stillborn at 28 weeks of pregnancy or later, with a global stillbirth rate of 13.9 stillbirths per 1,000 total births.
- Stillbirths were concentrated in a few countries, with the greatest number found in **India, followed by Nigeria, Pakistan, the Democratic Republic of the Congo, Ethiopia and China.** These 6 countries accounted for half of the estimated global number of stillbirths and 44 % of global live births.
- The report said that without urgent action, the world will have suffered 20 million more stillbirths by 2030.
- **Note:** Stillbirths mean a baby born with no signs of life at or after 28 weeks' gestation.

Facts about United Nations:

- **Formation:** 24 October 1945
- **Headquarter:** New York, USA
- **Secretary General:** Antonio Guterres
- The UN has six principal organs: the General Assembly; the Security Council; the Economic and Social Council (ECOSOC); the Trusteeship Council; the International Court of Justice; and the UN Secretariat.

Important Days

October 24: United Nations Day

- 75th anniversary of UN Day
- UN day is observed on October 24, every year since 1948.
- **Note:** India elected as a non-permanent member of the Security Council, will serve as the president of the powerful 15-nation UN body for the month of August, 2021.

October 24: World Development Information Day

- **The theme of this Day is** Information and Communications Technologies: New Solutions to Development Challenges.
- **Note:** The General Assembly in 1972 established World Development Information Day to draw the attention of the world to development problems and the need to strengthen international cooperation to solve them.

October 24: World Polio Day

- World Polio Day was established by Rotary International over a decade ago to commemorate the birth of Jonas Salk, who led the first team to develop the vaccine against the disease.
- In the last three decades, the Global Polio Eradication Initiative (GPEI), led by national governments and the WHO, has been monitoring the disease situation globally.
- **Note:** As per the WHO, since 1980, the cases of wild poliovirus have decreased by over 99.9 per cent as a result of vaccination efforts made around the world.

- **India's situation with regard to the disease:** India was declared polio-free in January 2014, after three years of zero cases, an achievement widely believed to have been spurred by the successful pulse polio campaign in which all children were administered polio drops.

October 23: World Snow Leopard's Day

- 'International Snow Leopard Day is observed on to raise awareness on protection of endangered snow leopards.
- This started from October 23, 2013, when political leaders from 12 countries endorsed the on the conservation of snow leopards'.
- These are distributed across 12 countries in central Asia and are usually found in high, rugged mountain landscapes.
- **Government of India** has been conserving snow leopard and its habitat through the Project Snow Leopard (PSL). The PSL was launched in 2009.
- India is also party to the Global Snow Leopard and Ecosystem Protection (GSLEP) Programme since 2013. India has identified three large landscapes, namely, Hemis-Spiti across Ladakh and Himachal Pradesh; Nanda Devi – Gangotri in Uttarakhand; and Khangchendzonga – Tawang across Sikkim and Arunachal Pradesh.

WORLD STATISTICS DAY, 20 October 2020

- This is the 3rd World Statistics Day.
- The theme is “**Connecting the world with data we can trust.**” This theme reflects on the importance of trust, innovation, authoritative data and the public good in national statistical systems.
- **Note:** World Statistics Day is an international day to celebrate statistics which is created by the United Nations Statistical Commission. It was first celebrated on 20 October 2010. The day is celebrated every five years.

Facts about National Statistics Day in India:

- Every year, the Statistics Day is celebrated on 29th June, the birth anniversary of Prof. Prasanta Chandra Mahalanobis, to recognise his invaluable contribution in establishing the National Statistical System.

International Day for the Eradication of Poverty, 17 October

- The theme is “**Acting together to achieve social and environmental justice for all.**”
- A research done by The World Bank has revealed that, as of 2020 around 1.89 billion people or nearly 36 percent of the world's population is living in extreme poverty. And nearly half of the populations in developing countries have been living on less than \$1.25 a day.
- **Note:** In 1992, the United Nations (UN) declared to dedicate October 17 as International Day for the Eradication of Poverty.

October 10: World Mental Health Day

- The theme of this international awareness day is “Mental Health for All” and an increased investment in mental health. The World Health Organization (WHO) defines mental health as a health issue associated with thoughts, behavior, emotions, and relationship with others.

10 October, World Migratory Bird Day 2020

- World Migratory Bird Day (WMBD) is celebrated on the second Saturday of October and May every year. The day is celebrated as an awareness-raising campaign highlighting the need for the conservation of migratory birds and their habitats. Its objective is to draw attention to the threats faced by migratory birds, their ecological importance, and the need for international cooperation to conserve them.
- World Migratory Bird Day’s theme is “Birds Connect Our World.”

Indian Air Force Day: 8th October

- The Indian Air Force, also known as Bhartiya Vayu Sena, was officially established by the British Empire, as India was under the rule of Britishers at that time. The Indian Air Force (IAF) is the air arm of the three Indian armed forces, and their primary mission was to secure the Indian airspace and conduct aerial activities during the times of conflict.

International Day for Disaster Reduction: 13 October

- The United Nations General Assembly has designated October 13th as the International Day for Disaster Risk Reduction to promote a global culture of disaster risk reduction.
- Its basic objective was to decrease the loss of life, property destruction and social and economic disruption caused by natural disasters such as earthquake, tsunami, floods, landslides, volcanic eruption, droughts locust infestations, and other disasters of natural origin.
- Sendai Framework for Disaster Risk Reduction 2015-2030 adopted at the Third UN World Conference on Disaster Risk Reduction in Japan in March 2015.

World Food Day 16 October

- World Food Day 2020 marks the 75th anniversary of FAO (Food and Agriculture Organization).
- World Food Day is celebrated in honor of the date of the founding of the Food and Agriculture Organization of the United Nations in 1945. Many other organizations concerned with food security, including the International Fund for Agricultural Development and World Food Programme also celebrate this day.

World Space Week, 4-10 October

- By resolution of 6 December 1999, the General Assembly proclaimed World Space Week, to celebrate the contributions of space science and technology to the welfare of the human condition.

- World Space Week is the largest annual space event in the world. The weeks helps build up the workforce of tomorrow by inspiring students; demonstrates visible public support for the space programme; educates the public about space activities; and fosters international cooperation in space outreach and education.
- Note: The 2020 theme is “Satellites Improve Life.” The World Space Week will show the importance of satellites in daily life and how our lives are affected by satellites such as in communications, environmental monitoring, transportation, weather forecasting, telemedicine, science, and in many other ways.

October 1, International Day of Older Persons

- This year (2020) marks the 30th Anniversary of the United Nations International Day of Older Persons (UNIDOP) 2020: “Pandemics: Do They Change How We Address Age and Ageing?”
- In view of the higher risks confronted by old age persons during the outbreak of pandemics such as COVID-19, policy and programmatic interventions must be targeted towards raising awareness of their special needs. Recognizing older person’s contributions to their own health and the multiple roles they play in the preparedness and response phases of current and future pandemics is also important.
- Note: The United Nations General Assembly designated October 1 as the International Day of Older Persons on 14 December 1990.

International Day of Non-Violence 2 October

- This Day is observed on 2 October on account of the birthday of Mahatma Gandhi. He was the great leader of the Indian independence movement and pioneer of the philosophy and strategy of non-violence.
- According to the UNGA (United Nations General Assembly) resolution of 15 June 2007, which established the commemoration, the International Day is an event to "disseminate the message of non-violence, including through public awareness and education".

World Habitat Day 2020, October 05

- The 2020 theme is Housing For All: A better Urban Future. This day will be hosted by the city of Surabaya, in Indonesia.
- Note: In 1985 the (UN) United Nations designated the first Monday of October as World Habitat Day. It aims to reflect on the state of our cities and towns and the basic right of all to adequate shelter. It intends to remind the world of its collective responsibility for the future of the human habitat.
- The Habitat Scroll of Honour, most prestigious human settlements award, was launched by the United Nations Human Settlements Programme in 1989.

Wild Life Week 2020 is observed from the 2nd of October to 8th of October in India.

- Wildlife Week is celebrated in the country with the view to preserve the fauna, which means the animal life of India.

- The Government has established an Indian Board of Wild Life, whose purpose is to improve the consciousness as well as the awareness of the Indian people towards wildlife preservation.

Objectives of Wild Life Week:

- To create awareness of the protection and conservation of wildlife.
- To focus the people's attention towards the importance of conservation of wildlife.
- To implement more services to preserve wildlife.
- To discuss all the issues related to the preservation of wildlife.

Obituaries
