UP Police launches ‘C-plan’ app to keep tab on communal tensions

The app, launched at the police headquarters in Lucknow on Monday, will not only help police be informed of simmering communal tensions or other disputes taking place even in far-flung villages of the state by commoners, but also help them cross-verify the received information for facts.
According to police sources, the department has identified 10 people (Sabhrant-10) in every village across the state who will divulge information about anti-social elements, simmering communal tensions or land disputes taking place in their respective villages through the app.

The “C-app” will be integrated with UP dial 100 service and the Sambhrant-10 will also have the facility to connect with police personnel in Police Response Vehicles (PRV).

The application will be monitored from the DGP control room at the newly-built UP Police headquarters, which was inaugurated by chief minister Yogi Adityanath in Lucknow recently.
