Title: Decentralise vaccines: Protect Maharashtra from grim COVID spike

The article at hand talks about the need to privatize vaccination in the wake of a surge in COVID-19 cases in Maharashtra. As Maharashtra is seeing an increase in the number of COVID-19 infections, the author believes now is the time to make drastic changes in our vaccination strategies.

The author finds it hard to believe why the center is hesitant to join forces with the private sector in this vaccination drive. The centralized vaccination system is curbing the process and instead, the states and private players should be allowed to take part in this as well.

Maharashtra standing down the barrel of another lockdown is not something our economy will enjoy. Hence, the need of the hour is a thoroughly decentralized approach because people are not going to get the vaccine.

They must be reached out and a decentralized approach will help us achieve that. The private sector accounts for nearly two-thirds of our healthcare footfalls and hence, more vaccination sites should be allotted to private sectors.

Words to look out for

Procure:

- **Synonyms:** acquire, attain, obtain
- **Antonyms:** forfeit, lose, yield
- **Word usage:** Rohit procured distinction in his semester results.

Skew:

- **Synonyms:** tilt, slant, twist
- **Antonyms:** straighten, unbend, flatten
- **Word usage:** The advantage was skewed in favor of the toss-winning side.

Prompt:

- **Synonyms:** quick, rapid, swift
- **Antonyms:** slow, delayed, sluggish
- **Word usage:** Prompt service delivery is the reason behind the company's success.
