

DU JAT 2021 Do's and Don't

Delhi University Joint Admission Test or DU JAT is an entrance exam after completing class 12, for admission to 6 Delhi University Colleges for courses such as BBA. The DU JAT Exam 2021 comprises four sections: General English, Quantitative Ability, Reasoning & Analytical Ability, and Business & General Awareness.

Do's for DU JAT 2021

- ***Devoting Time***

Spend at least 2-3 hours on a daily basis for the exam. Give equal time to all the subjects as each subject holds its own importance so cover and practice all the topics. You can increase or decrease the time according to your level of understanding of different subjects.

- ***Go through the previous year's paper***

This is the best way to get aware of the **pattern** of your exam. Solve all the **previous year's questions**, know your weak areas and work on them accordingly.

- ***Attempt one Mock each day***

Practice is the key to success. Practice as many full-length mocks as you can. Doing this will keep you in sync with tackling the exam on a regular basis and you will be in the habit of giving exams.

- ***Make your own targets and achieve it***

Make small-small targets like daily topics to be covered etc. and try to complete it within the stipulated time.

- ***Relax***

Do not worry too much before exams. Prepare well and be confident.

- ***Refer books wisely***

While selecting **books** for studying, choose them wisely. Refer to a book which you can understand easily.

- ***Breaks***

-
While studying for long hours, do not forget to take breaks at regular intervals. Maintain a healthy lifestyle. You can easily take exam pressure if you are mentally and physically fit.

DON'Ts for DU JAT 2021

- ***Don't Panic:***

Both before and during exams, try to be cool and relax. Be confident and attempt the paper with full concentration. For this build, a habit of giving full-length mocks daily.

- ***Do not mug up things:***

Have a good understanding of all the concepts, and avoid cramming up things.

- ***Do not stick to one question:***

While attempting the paper, do not give much time to any question and move on to other questions, even if it is your strongest topic just move to other questions. There is a possibility that you may find easy questions at the end of the paper.

- ***Picking the wrong question:***

Be attentive and wise enough while attempting paper. Attempt only those questions of which you are very much confident and save your precious time.

- ***Studying Un-Important things:***

With the increasing use of technology, studying online has become a trend now. But it is seen that students watch anything and everything available on the internet for their exams. This should be avoided. Watch only relevant tutorials and that too from reputed coaching centers.

Keep a note of all the above things & prepare for your exams wisely.
