

NMAT Analysis 2022: Language Skills & Logical Reasoning

October 20, 2022

The difficulty level of the Language Skills section was Easy to Moderate. RC dominated the Language Skills section. 2 RC passages were asked with 5 questions each. Till last year in the majority of the slots, the RC questions appeared towards the end of the paper. However, as per our Expert, this time RC questions came after the first 6 questions. One of the RC's was in the middle of the paper making it a bit time-consuming.
