GATE CSE cutoff for IITs

GATE CSE cutoff for IITs | GATE Computer Science Cutoff IITs M.Tech Admission

GATE CSE cutoff for IITs provides minimum ranks required by the candidates to advance the chances of admission to preferred IITs selected by candidates for taking admission. In the article below, GATE-qualified candidates can check the GATE CSE cutoff for IITs for M.Tech admission in Computer Science and Engineering as opening and closing ranks.

Authorities will contemplate diverse factors such as the previous year's cutoff trends, the total number of seats available in each institute, the difficulty level of the exam, and more while determining the GATE CSE cutoff for IITs. Candidates who have qualified for the GATE 2022 exam and future candidates for GATE 2023 can read the article to better comprehend the GATE CSE cutoff for IITs for MTech. In addition, candidates can check the IITs Admission process to read all about IITs admission registration, dates, application form, eligibility, and selection process.

GATE CSE Cutoff for IITs M.Tech Admission

The COAP, the official GATE counseling conducting authority, will release the GATE CSE cutoff for IITs. These cutoffs will be for MTech Computer Science and other engineering branches as opening and closing ranks. The GATE CSE cutoff for IITs will be released after the declaration of the GATE 2023 result by IIT Kanpur. Therefore, these cutoffs for MTech Computer Science and Engineering will be updated in the article as soon as the COAP authorities release it after the counseling.

Factors Determining GATE CSE Cutoff for IITs M.Tech Admission

The GATE CSE cutoff for IITs for MTech admission acts as the main criteria for the selection process for M.Tech admission to computer science courses. The COAP authorities consider multiple factors while determining the 2023 cutoff, which is as follows:

- GATE CSE Cutoff for previous years.
- GATE CSE question paper difficulty.
- The competition level among candidates, i.e., total GATE candidates, is opting for IITs.

Previous Year's GATE CSE Cutoff for IIT M.Tech Admission

In the tables below, candidates can check the previous year's GATE CSE cutoff for MTech Computer Science and Engineering. IITs use COAP counseling to admit students in computer science and other Engineering branches. Therefore, the previous year's GATE CSE cutoff for IITs plays a major role in deciding the GATE cutoff from the current year. Major points regarding the previous year's cutoff are.

- *Previous Year's GATE CSE cutoff for IITs trends help analyze the GATE qualifying cutoff for the current year.*
- *The minimum marks candidates need to score to qualify for the exam differ for all 29 subjects for which GATE is conducted. It also varies for different categories of candidates.*

- It is released by the exam-conducting institute/body with the result declaration.

IITs GATE Cutoff for M.Tech Admission in CSE 2022

The article below has updated the previous year's GATE CSE cutoff for IIT Delhi, IIT Kanpur, IIT Roorkee, and IIT Mumbai. Therefore, Computer Science Engineering candidates can refer to the table and opt for IITs in future counseling sessions.

IIT Delhi GATE cutoff for MTech Admissions *- Computer Science*

Department	Specialization	GEN	OBC	SC	ST	PH	EWS
Inter-disciplinary Specialisation	VLSI Tool Design & Technology	700	700	600	600	600	700
Computer Science	CSE/Data Science	930	930	800	800	800	930
Computer Science	CSE	800	720	550	550	550	800

GATE CS Cutoff Marks 2022

The GATE CS Cut-Off Marks 2022 are out after GATE results were declared on GATE's official website.

Unreserved	OBC-NCL	SC/ ST/ PWD
25.0	22.5	16.6

Previous Year's GATE Cutoff Marks

The GATE Computer Science & Information Technology qualifying cutoff marks for 2020, 2019, 2018, 2017, and 2016 are below.

GATE CS and IT Qualifying Cutoff Marks For Previous Year				
Exam Paper	Year	Qualifying Marks		
		General	OBC-NCL	SC/ ST/ PwD
GATE CS	2020	28.5	25.6	19.0
	2019	29.5	26.6	19.7
	2018	25	22.5	16.6
	2017	25	22.50	16.60
	2016	25	22.50	16.60
