Landlord port model

Why in News:

- Jawaharlal Nehru Port (JNP) has become the first major 100% Landlord Port in India, with all berths being operated on the PPP model.

key points:

- In the landlord model, the publicly governed port authority acts as a regulatory body and a landowner while private companies conduct all other port operations.
- Earlier, it was proposed by the government to set up a major port at Wadhawan near Dahanu in Maharashtra based on the landlord model.
- Jawaharlal Nehru Port Mumbai is one of the leading container ports in the country and is ranked 26th among the top 100 global ports.
- The present TEU capacity of Jawaharlal Nehru Port is 9000 whereas, with the upgrade, its TEU capacity is 12,000.
- At present, there are 12 major ports in India that are
- Deendayal, Mumbai, JNPT, Mormugao, New Mangalore, Cochin, Chennai, Kamarajar, VO Chidambaranar, Visakhapatnam, Paradip, and Kolkata Ports.

NITI Aayog report on digital banks

Why in News:

- A report on the status of digital banks was released by NITI Aayog.

key points:

- The report released by NITI Aayog presents a roadmap for the licensing and regulatory regime for digital banks.
- In the report released by NITI Aayog, the recommendations have been presented by including the following steps -
- The report recommended that the issuance of licenses by a restricted digital bank to a given application should be restricted in terms of volume/value of license service customers, etc.
- The report recommended that the provision of enrollment in a regulatory sandbox framework enacted by the Reserve Bank of India should be made mandatory for digital banks.
- A 'full scale' digital bank license should be issued subject to the licensee's satisfactory performance in the regulatory sandbox including core, prudential and technical risk management.

Central Bank Digital Currency (CBDC)

Why in News:

- The process to roll out Reserve Bank of India (RBI) Central Bank Digital Currency (CBDC) in the wholesale and retail sectors in a phased manner has been discussed.

key points:

- The introduction of CBDC was announced by Finance Minister Nirmala Sitharaman in the Union Budget year 2022-23 along with the passage of the Finance Bill 2022, making necessary amendments to the relevant section of the RBI Act, 1934.
- The passage of the amended Bill has enabled RBI to issue CBDCs.
- A CBDC is a digital or virtual currency, but it cannot be compared to a private virtual currency or cryptocurrency, which has grown rapidly over the past decade.
- Private virtual currencies do not represent any individual's debts or liabilities as these currencies have no issuer.

vehicle location tracking device

Why in News:

- Himachal Pradesh has become the first state in India to integrate Vehicle Location Tracking Device (VLTD) with Emergency Response Support System (ERSS).

key points:

- Under this scheme, all registered commercial vehicles equipped with Vehicle Location Tracking Device will be connected to the Emergency Response Support System.
- These vehicles can be tracked anywhere in India with the help of a vehicle location tracking device mechanism.
- The facility of the panic button was also launched by the Chief Minister of Himachal Pradesh for the safety of women and children in public vehicles.
- Vehicle Location Tracking Device consisting of Emergency Panic Button System and Command Control Center is connected to Emergency Response Support System Dial 112. The objective of this monitoring center or command control center is to easily detect vehicle thefts and vehicle accidents, as well as this initiative, will also make it easier to monitor the movement of vehicles to ensure the safety of women and children.
