## Important News: National

### Indigo joins WEF's "Clear Skies for Tomorrow" sustainability campaign

---

#### Why in News:

- IndiGo has joined the "Clear Skies for Tomorrow" sustainability campaign run by the World Economic Forum.

#### Key points:

- IndiGo Airlines has joined the Clear Skies for Tomorrow, India Coalition initiative as a signatory.
- IndiGo's dedication to implementing sustainable initiatives will help achieve a critical mass for Sustainable Aviation Fuel and bring cost-efficiency for wider adoption in India.
- IndiGo flew its new A320 Neo aircraft with 10% SAF mix from Toulouse, France to New Delhi.

- A meaningful and proactive path for the industry to achieve carbon-neutral flight is provided by "Clean Skies for Tomorrow", which was launched in January 2019.
- Clear Skies for Tomorrow provides an important mechanism for top officials and public leaders to align on the transition to sustainable aviation fuel.
- To support an overall net-zero pathway of aviation by the year 2050, "Clear Skies for Tomorrow" aims to establish a commercially viable sustainable aviation fuel production on a large scale for industry adoption by the year 2030.
- Ronojoy "Rono" Dutta is the CEO of Interglob Aviation Limited, which operates IndiGo.

### **Inter-Ministerial MoU signed to promote 'One Herb, One Standard'**

---

#### **Why in News:**

- A Memorandum of Understanding was signed between PCIM&H and IPC for inter-ministerial cooperation aimed at promoting and facilitating "One Herb, One Standard".

**Key points:**

- One Herb, One Standard The primary objective of the MoU is to develop collaborative efforts between PCIM&H and IPC to promote public health while facilitating the development of harmonized herbal medicine standards.
- Since both PCIM&H and IPC are working towards the same objective, it is appropriate and worthwhile to harmonize the standards to achieve "One Herb - One Standard".
- The One Herb, One Standard MoU aims to facilitate wider cooperation to promote the exchange of information in the field of standardization of traditional medicine.
- PCIM&H alone will have the sole right to publish the monograph classified under One Herb, One Standard.
- The monographs developed by PCIM&H and IPC as per the signed MoU will be identified accordingly, and IPC's contribution to the respective monographs will be identified at appropriate places.

- Through this MoU each monograph covers Indian standards along with international quality requirements so that all Indian quality standards are in sync with global standards for common flora.

## Important News: State

### Telangana tops the 8.32% inflation chart

#### Why in News:

- Telangana tops the inflation chart with 8.32% Along with West Bengal (8.06%) and Sikkim (8.01%), Telangana topped the list of states with 8.32% inflation.

#### Key Points:

- In the first seven months of 2022, headline inflation averaged 6.8%, significantly beyond the 6% higher tolerance limit established by coverage makers, according to statistics made public by the Client Value Index.
- Retail price growth is less than 6% in places like Kerala (4.8%), Tamil Nadu (5.01%), Punjab (5.35%), Delhi (5.56%), and Karnataka (5.84%).

- Average inflation in smaller states like Manipur, Goa, and Meghalaya is below 4%, at 1.07%, 3.66%, and 3.84%, respectively.
- Other significant states with high rates of inflation include Gujarat, Jammu and Kashmir (7.2%), Madhya Pradesh (7.52%), Assam (7.37%), Uttar Pradesh (7.27%), and Haryana (7.7%).
- The National Statistical Office only calculates one Rural Customer Price Index for Arunachal Pradesh, which has experienced average inflation of 7.3% this year, peaking at 9.2% in April.
- Between January and June 2022, the average inflation rate in Nagaland and Tripura was 5.6% and less than 4.8%, respectively.
- Inflation is the term used to describe an increase in prices for goods and services caused by an imbalance between supply and demand.
- India uses the Wholesale Price Index (WPI) and Consumer Price Index to determine its inflation rate (CPI).
- While an inflation rate of 2% to 3% is regarded as positive for the economy, excessive inflation is detrimental to all economies.
