

Career Opportunities Through GATE Exam

Carrer Opportunities Through GATE Exam

GATE is a reputed all-India examination, administered and conducted jointly by the Indian Institute of Science (IISc) and seven of the Indian Institutes of Technology (IITs) on behalf of the National Coordination Board - GATE, Department of Higher Education, Ministry of Education (MOE) and the Government of India. There is a never-ending loop when we try to figure out what we want to do for the next step and the opportunities after the GATE exam. Here, let's analyze all such opportunities after GATE exam in the sections below.

Many candidates look for the right direction about the best opportunities after clearing the GATE exam. There are various programs, PSUs, and other categories where any GATE aspirants can fulfil their criteria. Thus in this PDF, we have provided a list of some crucial opportunities after GATE exam where aspirants can participate

List of Opportunities GATE Exam

Here are some opportunities after GATE exam that candidates can pursue. These can differ from candidate to candidate choice in which field they want to make their career. GATE is the gateway to many opportunities, shared in brief and explanatory ways in the article below.

- **Private Jobs after GATE:** Many private companies, which are multinational companies, GATE-qualified M.Tech, passed out candidates for their professional research posts.
- **Research Opportunities:** Candidates can become a scientist, and the GATE exam is the entrance to the job. Candidates can earn degrees from IITs and NITs only by GATE score and apply to various scientific departments of different research centers in India.
- **Scholarships Programs:** The benefits of the GATE exam are not just good job opportunities. With a valid GATE score, a candidate can also get scholarships for higher studies. A monthly stipend of 12,400 rupees is provided to GATE-qualified candidates when they pursue the M.Tech/M.Pharm/M.Arch. Degrees.
- **Foreign Universities:** GATE is a chance to fulfil the aspiration of pursuing higher studies from foreign universities. GATE Scorecard can aid you in applying to foreign universities for higher studies.

Postgraduate Entrance (M.Tech) through GATE

Candidates might consider various opportunities after the GATE exam, including higher studies after graduation, and M.Tech is the most popular option for engineering students.

It will provide expertise in your area so you can get a good job anywhere. In addition, most companies search for postgraduates who are better at problem-solving skills. Although you will get many more opportunities after graduation, a master's degree will gradually increase your job opportunities and give you a job in reputed MNCs. GATE scorecard is valid for M.Tech admission for 3 years.

Different benefits of the M.Tech program are:

- Some of the top companies hire from institutes like IIT and NIT. They look for students with experience, and experience can come after you finish your M.Tech.
- Higher pay packages
- Faculty/Research positions in educational institutes and most of the RD centers.

PSU Jobs through GATE

The GATE exam became hype after various public-sector units (PSUs) signed a memorandum of understanding (MOU) with IITs for recruitment through GATE. So, clearing the GATE examination can help you get government sector jobs.

Various PSUs use the [GATE Scorecard](#) for hiring candidates. PSUs like ONGC, GAIL, IOCL, PGCIL, NLC, NTPC, and NLC hire through GATE Scores followed by Group discussions, Personal Interviews, and Group tasks. Even DRDO sometimes recruits through GATE Scores. Else it will conduct its written test. Some PSUs like SAIL, ISRO, VIZAG, BEL, BSNL

Some of the leading PSUs in India use GATE scores as their eligibility criteria. Also, Check our article on [PSU recruitment through GATE](#) for more details.

PhD through GATE

A Master's degree leads to specialization, cultivates, and brings out the best of your interest in a certain area which may further interest you in research/Ph.D. Moreover, based on the GATE score, some foreign universities (Like NTU and Singapore) offer Ph.D. positions without a GRE score.

The recruitment process for the Ph.D. program includes a valid GATE score and then facing an interview panel based on the respective interest area.

Fellowship Program in Management through GATE

It is a five-year program run at IIMs. This program has the following features:

- A monthly stipend is offered of ₹ 29,000-30,000.

- No tuition fees for almost four years and nine months.
- Students who live off-campus will get a house-rent allowance (HRA) of ₹ 8,000 for a single student and ₹ 13,000 for married students.

Research Opportunities after GATE

GATE-qualified students are also eligible for the award of a Junior Research Fellowship in CSIR Laboratories and CSIR-sponsored projects. The most searched opportunity after the [GATE exam](#) is research.

Some particular research positions are available through GATE at Bhabha Atomic Research Center (BARC). However, BARC conducts its examination for recruitment. Also, industries like ISRO conduct their exams similarly to the GATE exam.

Benefits of Qualifying GATE with Low Score

Candidates who clear the GATE cutoff but achieve low scores or high ranks can still get good opportunities and do well in the future. Scores near the cutoff marks are considered low scores in the GATE exam. Here are a few benefits of qualifying GATE with a low score:

- Candidates are required to sit in the [CCMT counseling](#) and may get good colleges for Post Graduation courses at the later phases of the counseling.
- Various institutes provide exemption from the written test to the candidates who have cleared the GATE cutoff irrespective of the score.
- Direct interviews with various institutions for entry-level Engineer trainees are provided based on low GATE scores.
- Candidates can even attempt the individual exams conducted by various institutes that will use GATE scores to segregate candidates. Here is the [list of M.Tech. Colleges recruiting without GATE score](#).
