- The Baku meet is the penultimate stage of the ISSF World Cup 2023.

**Books and Authors**

1. Who has launched the Hindi version of cybercrime named 'Cyber Encounters' \_\_\_\_\_ **Uttarakhand CM Pushkar Singh Dhami.**

**Note:**

- This book was co-authored by state director general of Police (DGP) Ashok Kumar and former DRDO scientist OP Manocha.
  - This book will help the readers in becoming aware of various cyber crimes as it has mentioned actually related cases.
  - It will serve to inspire people to protect themselves from cybercrime.
2. Oprah Winfrey has co-authored a book titled 'Build the Life You Want: The Art and Science of Getting Happier' with which author Arthur C Brooks.
- Note:**
- The book is expected to be released on September 12, 2023, by Portfolio Books.
  - This book will introduce readers to the incredible science of happiness, based on the best research available.
  - Other books by Winfrey: What I Know for Sure, The Path Made Clear, and Food, Health, and Happiness

### Science and Defence

1. Which organization has launched NASA's two satellites to study tropical storms and hurricanes Rocket Lab.
- Note:**
- The two CubeSats, the founding members of the agency's TROPICS network, launched atop a Rocket Lab Electron rocket, which was lifted off from New Zealand.
  - Aim: To improve forecasting and provide new insights into how tropical storms evolve and intensify
  - The TROPICS constellation will consist of four CubeSats in low Earth orbit.
2. IIT Madras and which organization have developed cutting-edge sensor technology for underwater communications DRDO.
- Note:**
- The Indigenous technology will enable the fabrication of devices at a relatively lower cost.
  - 'Piezoelectric MEMS technology' is required to develop high-performance thin films and convert 'piezo thin film' into state-of-the-art futuristic naval sensors and devices for underwater applications.
  - The Piezo Thin Films are one of the vital components of piezo MEMS devices.
3. Which organization has collaborated with the National Aeronautics and Space Administration (NASA) to launch a new geospatial foundation model International Business Machines (IBM).
- Note:**
- It is designed to convert satellite data into high-resolution maps of floods, fires, and other landscape changes to reveal the planet's past and hint at its future.
  - It is expected to be available for preview in the second half of 2023.
  - This model would be part of IBM's watsonx.ai, a next-gen enterprise studio.
4. PM Modi laid the foundation stone of scientific projects worth more than what amount on May 11 Rs 5800 crore.
- Note:**
- One of the most significant projects is the Laser Interferometer Gravitational-Wave Observatory (LIGO).
  - The LIGO-India will be developed in Hingoli, Maharashtra.
  - It is an extremely sensitive interferometer of 4 km arm length and act as 'antennae' to detect gravitational waves.
  - It will work in synchronization with two observatories operating in the US.
5. Which space agency has successfully commenced testing of its semi-cryogenic engines, that would power future launch vehicles ISRO.
- Note:**
- The very first integrated test on an intermediate configuration of the 2000 kN semi-cryogenic engine was carried out at the newly-commissioned Semicryogenic Integrated Engine & Stage Test facility at Mahendragiri, Tamil Nadu.
  - The test is a step towards developing a 2000 kN thrust engine, which works on Liquid Oxygen (LOX)-Kerosene propellant combination.
6. Which space start up is aiming to launch a school bus-sized space station to orbit by late 2025 in association with Elon Musk's rocket firm, SpaceX Vast.
- Note:**
- The cylindrical spacecraft dubbed Haven-1 is the latest platform planned as a replacement for the International Space Station (ISS).
  - The ISS is expected to retire in 2030.

- In 2021, NASA awarded \$415 million in development funds to four companies including Northrop Grumman and Blue Origin.
7. Which space agency has launched a second football-stadium-sized, heavy-lift super pressure balloon (SPB), under its Scientific Balloon Program, from Wānaka Airport, New Zealand \_\_\_\_\_ **US space agency, NASA.**

**Note:**

- The first scientific balloon was launched on April 16, following five failed attempts last year.
  - Airways (New Zealand's air navigation services provider) works with Nasa to launch the balloons, which inflate fully in flight to 532,000 cubic meters and carry a scientific payload.
8. Defence Minister, Rajnath Singh has inaugurated India's first Indian Air Force Heritage Centre in which city \_\_\_\_\_ **Chandigarh.**

**Note:**

- It will highlight the IAF's role in various wars.
  - It also houses the first IAF-made patent aircraft Air Force 'Kanpur-1 Vintage Prototype Aircraft', a single-engine indigenous flying machine designed and built by the late Air Vice Marshal Harjinder Singh in 1958.
  - In June 2022, an MoU on the heritage centre was signed between the Chandigarh administration and IAF.
9. Which edition of India-Thailand Coordinated Patrol (Indo-Thai CORPAT) between the Indian Navy and the Royal Thai Navy was concluded in the Andaman Sea on May 10, 2023 \_\_\_\_\_ **35th edition.**

**Note:**

- Aim: To reinforce maritime linkages between the two countries and ensure the safety and security of the international trade route in the Indian Ocean
  - INS Kesari, an indigenously built LST (L), and HTMS Saiburi, a Chao Phraya Class Frigate participated in the exercise.
10. Which edition of the India-Indonesia bilateral exercise Samudra Shakti-23 is being organized in Batam, Indonesia from 14-19 May 2023 \_\_\_\_\_ **4th edition.**

**Note:**

- Aim: To enhance interoperability, jointness, and mutual cooperation between both navies
- India Navy has participated with INS Kavaratti, Indian Navy Dornier Maritime Patrol aircraft, and Chetak helicopter.
- While the Indonesian Navy participated with KRI Sultan Iskandar Muda, CN 235 Maritime Patrol Aircraft, and AS565 Panther Helicopter
